Don't Wait. Vaccinate.

Help your children stay healthy by making sure they are immunized. All children are required to have certain vaccines before entering kindergarten, seventh grade, or when attending a Pennsylvania school for the first time.

As you and your family prepare for summer break, make getting your children's vaccines a priority on your to-do list. Avoid the back-to-school rush – contact your health care provider today to schedule your child's wellness check-up and vaccines.
