Lead Health Information for Parents, Homeowners, Contractors, and Health Care Professionals

Resource	Description	Contact Information
Lead Poisoning	<p>Lead can do great harm, especially to young children. The leading cause of lead poisoning is lead dust from lead-based paint which was used in many homes until 1978. Young children are exposed to lead dust in older homes through normal everyday activities such as crawling on the floor and putting their hands, toys or other objects in their mouths. Lead can also be found in bare soil, some imported spices, home remedies and cosmetics.
