Pennsylvania Department of Health is offering flu vaccine clinics statewide throughout flu season. The clinics will provide flu vaccines at reduced or no cost for uninsured/underinsured adults, as well as children through 18 years of age who are uninsured, underinsured, Medicaid eligible, or American Indian or Alaska Native. The cost is \$5 per person (payable by check or money order) for individuals and families within the above guidelines; however, no one will be turned away because of an inability to pay.

Adults and children who meet the requirements for the vaccine clinics must call the number above to schedule an appointment. A parent/legal guardian must accompany children who are receiving the flu vaccination. Department of Health staff will need to be notified prior to the appointment if someone other than the child's parent/legal guardian will be accompanying him/her.
