Flu Shot

Get Vaccinated against the flu – it’s your best protection from flu and its complications.

Wash Hands often with soap and warm water or use alcohol-based hand sanitizer.

Cover Mouth and Nose with a tissue or your sleeve – never use your hand.

Clean Surfaces like phones, doorknobs, remotes, light switches, and countertops often.

Stay Home from work or school if you get sick to prevent spreading the flu to others.

Don’t Touch your face – keep your hands away from your mouth, nose, and eyes.
