As you know, the Department of Health has been working through EMS Agencies to distribute a donation of 2,000 cartons of EVZIO™ Naloxone Auto-Injectors from Kaléo Pharmaceuticals. We're grateful to have this opportunity in Pennsylvania. In an effort to help expedite distribution to those who need it, we will now be releasing the donation on a first come first served basis, from now through January 15, 2015. The minimum donation is 50 cartons (2 auto-injectors per carton, plus training device).

If your agency is interested in receiving a donation of EVZIO™ Naloxone Auto-Injectors or would like to request additional units, please contact Melisa Rader at merader@pa.gov as soon as possible. The donation may not be available after January 15, 2015.
