

Summer To-Do List

- Vaccinations
- Summer Vacation
- Summer Camp

Don't Wait. Vaccinate.

Help your children stay healthy by making sure they are immunized. All children are required to have certain vaccines before entering kindergarten, seventh grade, or when attending a Pennsylvania school for the first time.

As you and your family prepare for summer break, make getting your children's vaccines a priority on your to-do list. Avoid the back-to-school rush – contact your health care provider today to schedule your child's wellness check-up and vaccines.

For more information regarding required immunizations for school children in Pennsylvania, visit www.dontwaitvaccinate.pa.gov.
