

# 1/2 AA 3.6V Lithium Battery Suppliers

The PA VFC program does NOT recommend or endorse products or manufacturers. This list is provided as a courtesy and is not inclusive of all manufacturers.

Lithium batteries are used for different types of digital data loggers. The cost for each battery varies depending on the supplier. Batteries should last for approximately one year. It is recommended to have a spare battery available, if a new battery is needed in your data logger.
