

Family Planning Audit Report

**Annual Report to the General Assembly
2014-2015**

March 30, 2016

Enclosed is the 2014-2015 Department of Health (DOH) Family Planning Audit Report (Report), as mandated by Act 66 of 2006. This Report includes information on the separation of abortion and abortion-related activities for the DOH's grantees, four family health councils and their sub-grantees. The Report includes guidelines the DOH's grantees must follow, as well as copies of the documentation the grantees submitted to the DOH to demonstrate their compliance with Act 66 of 2006.

If you have any questions, please contact Neil Malady, Director of the Office of Legislative Affairs, at 717-787-6436.

**DEPARTMENT OF HEALTH
STATE FISCAL YEAR 2014-2015
SEPARATION OF ABORTION AND ABORTION-RELATED
ACTIVITIES FROM FAMILY PLANNING ACTIVITIES**

REQUIREMENTS OF REPORT

The General Assembly requires the Department of Health to include the following in its report for State Fiscal Year 2014-2015 on the separation of abortion and abortion-related activities from family planning activities:

- Number and findings of audits filed;
- Adequacy of the documentation submitted; and
- Any recommendation to revise the verification process.

DEPARTMENT OF HEALTH REQUIREMENTS OF GRANTEES

The DOH requires, through its grant agreements with the family health councils, that the Grantee Audit Guidelines established by the Department of Human Services are followed. DOH's Family Planning Grant Agreement, Appendix D and the Department of Human Services' Grantee Audit Guidelines incorporated by reference are included as Attachment A.

Paragraph A requires the grantee to have its independent auditor attest that abortion-related activities are physically and financially separate from family planning activities funded by any family planning appropriation.

Paragraph B defines "abortion-related activities" and provides further instructions regarding the required audits. Paragraph B directs the independent auditor to review six specific areas and to submit the attestation as a supplement to the agency's annual audit.

Paragraph C requires that each sub-grantee who engages in abortion-related activities must provide to the grantee its policies and procedures relating to the means and methods of separating abortion-related activities from family planning activities. These policies and procedures are to be approved by the sub-grantee's board of directors. In addition, the sub-grantee must describe how it complies with the separation requirements.

Paragraph D requires the grantee to make an annual inspection of all sub-grantees conducting abortion-related activities to assure physical and financial separation from family planning activities. The grantee is required to attest to the Department of Human Services, in writing, by Jan. 31 of each year, that the sub-grantee met the physical and financial separation requirements for the state fiscal year ending the previous June 30.

Paragraph E requires that the grantee include the physical and financial separation requirements in every grant, contract or agreement with a sub-grantee and develop guidelines for the sub-grantee regarding physical and financial separation.

Paragraph F identifies those sub-grantees that are excluded from the audit requirements contained in the guidelines.

RESPONSE OF GRANTEES

Each of the four grantees provided DOH with a letter attesting to compliance with the Grantee Audit Guidelines. The independent auditor for each grantee provided a letter attesting that the requirements contained in the Grantee Audit Guidelines were met. Correspondence is from AccessMatters in Philadelphia, Adagio Health, Inc. in Pittsburgh, Family Health Council of Central Pennsylvania, Inc. in Camp Hill, and Maternal and Family Health Services, Inc. in Wilkes-Barre. In order to provide the most complete information to document compliance with the Grantee Audit Guidelines, the grantees have also provided to DOH, audit statements from their affected sub-grantees. (See Appendices I through IV for copies of correspondence.)

Grantees and their affected sub-grantees are as follows:

AccessMatters:

Planned Parenthood Keystone
Planned Parenthood Southeastern Pennsylvania

Adagio Health, Inc.:

Planned Parenthood of Western Pennsylvania, Inc.

Family Health Council of Central Pennsylvania:

Planned Parenthood of Western Pennsylvania, Inc.

Maternal and Family Health Services:

Planned Parenthood Keystone, Inc.

ADEQUACY OF THE DOCUMENTATION SUBMITTED

The documentation submitted by the grantees is in compliance with the Grantee Audit Guidelines.

ANY RECOMMENDATION TO REVISE THE VERIFICATION PROCESS

At present, DOH has no recommendation to revise the verification process. The Grantee Audit Guidelines meet the requirements in Act 66 of 2006.

**Department of Health Family Planning Grant Agreement
Appendix D**

PROGRAM SPECIFIC PROVISIONS

- I. The Grantee shall comply with the Audit Guidelines for the Family Planning Councils, issued by the Department of Public Welfare in accordance with Article XVII-D, effective state fiscal year, 2006-2007.
 - A. The Grantee acknowledges that it has a copy of these guidelines.
- II. The Grantee shall utilize any third party insurance coverage for the patient prior to resorting to the funding provided under this Grant Agreement for patient care. The Grantee shall document these efforts in the patients' medical records.
- III. The Grantee shall provide services that conform to the services and standards specified in Chapter II, Section 13 of the Social Services Manual of the Department of Public Welfare as published in the Pennsylvania Bulletin, Volume 10, No. 19, of May 10, 1980, and any amendments thereto, which are hereby incorporated into this Agreement by reference.
 - A. The Grantee acknowledges that it has a copy of these regulations.
 - B. Minors shall be served in accordance with Commonwealth law.
- IV. The Department of Health (DOH) will pay the Grantee based on the Department of Public Welfare's Title XIX Family Planning Fee Schedule.
- V. The Grantee shall notify the DOH immediately of any unauthorized disclosure of identifying information of any clients served under this Grant.

Department of Public Welfare
Grantee Audit Guidelines for the Family Planning Councils

*As required by Act 66 of 2006
72 P.S. §§1701-D, et seq.
Effective State Fiscal year 2006-2007*

- A. The Grantee receiving funding through any family planning appropriation, will require its independent auditor to attest to the audit of any subgrantee receiving funding through any family planning appropriation. The Grantee will require each subgrantee receiving funding through any Family Planning Appropriation, except those excluded as described in paragraph F below, to have an audit performed by an independent auditor. A "family planning appropriation" is defined as moneys appropriated by the General Assembly from Commonwealth revenue sources and Federal revenue sources for the purpose of funding family planning services or a combination of family planning services and other programs.
- B. Both the Grantee's independent auditor and the subgrantee's independent auditor must attest to the physical and financial separation of abortion related-activities from any family planning project. An "abortion related activity" is defined as activities that consist of any of the following: 1) performing or directly assisting in abortions; 2) referring a pregnant woman to an abortion provider for an abortion; 3) counseling that advocates for or promotes abortion, including counseling that advocates abortion as an option for dealing with an unwanted pregnancy. A family planning "project" is defined as a group or set of family planning services or a combination of family planning services and other services which are funded in whole or in part from a family planning appropriation and which are furnished pursuant to a grant, contract or other agreement between a family planning services provider and the Department of Public Health, as appropriate, or furnished by a subcontractor of such provider pursuant to such grant contract or agreement." The separation and audit requirements apply regardless of whether the program or project is considered a major program under OMB Circular A-133 audit requirements. The audit must be provided as a supplement to the annual audit as described in Rider 1 of Grantee's grant with the Department for State Fiscal year 2006-2007 and must include the following:
- (i) Auditor tests of abortion-related activities and attests that these activities are physically and financially separate from those services funded under any family planning appropriation.
 - (ii) Auditor tests that equipment and supplies for abortion-related activities are purchased separately or if there is a single purchase for the entity that apportionment to the abortion-related activity is made equitably and documented according to the Cost Allocation Plan and attests to the same.
 - (iii) Auditor tests that there are separate timesheets for the personnel performing abortion-related activities and attests to the same.

- (iv) Auditor tests that all payments received from persons receiving abortion-related services, or payments made on their behalf, are maintained on separate accounting records and attests to the same.
 - (v) Auditor tests that all payments made for rent, utilities, maintenance, supplies, or other purchases are maintained on separate accounting records and attests to the same.
 - (vi) Auditor tests and describes how abortion-related activities are physically separated from activities of the entity funded through any family planning appropriation and attests to the same.
- C. The Grantee must receive from each subgrantee that engages in abortion-related activities a copy of the subgrantee's policies and procedures and other documentation of its abortion and abortion-related activities, including the means and methods of separating these activities from activities of the subgrantee funded through any family planning appropriation. These policies and procedures and other documentation must show approval by the subgrantee's board of directors. In addition, the subgrantee shall supply a description of how it complies with the separation requirements. The Grantee will make these documents available for inspection by the Department.
- D. The Grantee must perform, at a minimum, an annual inspection of the subgrantees described in A, above, to separately attest to the physical and financial separation of abortion-related activities from any family planning project. In addition to the elements described above, the Grantee shall review the abortion services for compliance with pertinent state and federal laws, regulations, and guidelines addressing the promotion, performance, or referral of abortions or abortion counseling and the required separation of these activities from any family planning projects. As a result of this annual inspection, the Grantee shall separately attest, in writing by January 31 of each grant year, to the Department whether the subgrantee is complying with the requirements found in this paragraph as well as A, B, and C above.
- E. The Grantee shall include the physical and financial separation and the audit requirements in every grant, contract or agreement with a subgrantee or subcontractor. The Grantee shall develop guidelines for the use of the subgrantee described in A, above, in establishing facilities that promote, perform, or refer for abortions or abortion counseling. These documents are to be available for inspection by the Department.
- F. The physical and financial separation and audit requirements shall not apply to subgrantees or subcontractors who are 1) a licensed hospital; 2) a family planning services provider who is a natural person, who is licensed to provide medical services in this Commonwealth and whose only public funding is through a medical assistance appropriation; or 3) recipients of Federal Title X funds, to the extent that the family planning services provider or subcontractor provides only those nondirective abortion counseling and referral services required under Title X and whose failure to perform those services will result in the withholding of Federal funds.

January 30, 2016

Lien Nguyen, Public Health Program Administrator
Bureau of Family Health
Pennsylvania Department of Health
7th Floor East, Health & Welfare Building
625 Forster Street
Harrisburg, PA 17120-0701

Dear Ms. Nguyen: *Lien*

The purpose of this letter is to satisfy the requirements of paragraph B of the Grantee Audit Guidelines for AccessMatters as required by *Act 66 of 2006 72 P.S. §§1701-D, et seq. effective state Fiscal Year 2006-2007* for AccessMatters' fiscal year 2014-2015.

In compliance with Paragraph B, AccessMatters provides no abortion services and attests that all of its sub-grantees are in compliance with the above referenced audit guidelines, as they relate to the physical and financial separation of abortion services from family planning services funded by the Commonwealth from any family planning appropriation, including non-invasive contraceptive supplies. Enclosed is the required supplementary report from AccessMatters' auditors, CliftonLarsonAllen LLP. In addition, based on the communications from the Department, we have included copies of the audit statements from Planned Parenthood affiliates that perform abortion services and receive family planning funds from AccessMatters.

By Board resolution, AccessMatters has adopted the required policies. In addition, AccessMatters has made the required site visits to each of the sub-grantees to assure that the policies and procedures necessary to maintain the physical and financial separation of abortion services are in place.

Audit materials and other documentation supporting this attestation are available for Department review. If you require any additional information, please do not hesitate to contact us.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Melissa Weiler Gerber', is written over the word 'Sincerely,' and extends across the line.

INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES

Board of Directors
AccessMatters
Philadelphia, Pennsylvania

In accordance with "Grantee Audit Guidelines for the Family Planning Councils" as set forth by the Commonwealth of Pennsylvania, Department of Human Services, we were engaged by AccessMatters solely to assist them to attest to the physical and financial separation of abortion services from family planning services funded by the Commonwealth from any family planning appropriation, including non-invasive contraceptive supplies for the year ended June 30, 2015. In compliance with the requirements of paragraph B of the Grantee Audit Guidelines for the Family Planning Councils as required by Act 66 of 2006, AccessMatters provides no abortion services and attests that all of its sub-grantees are in compliance with the above referenced audit guidelines. Since AccessMatters does not directly engage in any of these services, it was determined that no attestation procedures needed to be applied directly to AccessMatters. However, such services are performed by the following sub-grantees of AccessMatters:

Planned Parenthood Keystone
Planned Parenthood Southeastern Pennsylvania

Each of the aforementioned sub-grantees had their independent accountants perform the procedures enumerated below, which were agreed to by AccessMatters, the sub-grantees and the Commonwealth of Pennsylvania, Department of Human Services, solely to assist the sub-grantees in complying with the requirements of Act 66 of 2006. AccessMatters received agreed-upon procedures or attestation reports from the two sub-grantees highlighted above. The procedures and findings for each of the sub-grantees included the following:

- (i) Accountant tests abortion-related activities and attests that these activities are physically and financially separate from those services funded under any family planning appropriation.
- (ii) Accountant tests that equipment and supplies for abortion-related activities are purchased separately or if there is a single purchase for the entity that apportionment to the abortion-related activity is made equitably and documented according to the Cost Allocation Plan and attests to the same.
- (iii) Accountant tests that there are separate timesheets and/or accounting for the personnel costs related to performing abortion-related activities and attests to the same.
- (iv) Accountant tests that all payments received from persons receiving abortion-related services, or payments made on their behalf, are maintained on separate accounting records and attests to the same.

- (v) Accountant tests that all payments made for rent, utilities, maintenance, supplies or other purchases are maintained on separate accounting records and attests to the same.
- (vi) Accountant tests and describes how abortion-related activities are physically separated from activities of the entity funded through any family planning appropriation and attests to the same.

We have performed the procedures enumerated below, which were agreed to by AccessMatters and Commonwealth of Pennsylvania, Department of Human Services, solely to assist you to attest to the physical and financial separation of abortion services and family planning services funded by the Commonwealth from any family planning appropriation including non-invasive contraceptive supplies as of and for the year ended June 30, 2015. AccessMatters' management is responsible for the compliance and monitoring of these services. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

- a. We have obtained the sub-grantees agreed-upon procedures and attestation reports for the six compliance requirements as noted above. We observed that the reports included the six requirements and that no findings were noted in the sub-grantees reports.
- b. We have obtained AccessMatters' annual inspection reports of the two sub-grantees highlighted above and noted that the required procedures to monitor physical and financial separation of abortion services from family planning services were performed. These inspection reports included no findings.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on AccessMatters' compliance with paragraph B of the Grantee Audit Guidelines as required by Act 66 of 2006. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the management and Board of Directors of AccessMatters and the Commonwealth of Pennsylvania and is not intended to be and should not be used by anyone other than these specified parties.

CliftonLarsonAllen LLP

Plymouth Meeting, Pennsylvania
January 22, 2016

**INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES**

**Planned Parenthood Keystone
Allentown, Pennsylvania**

We have performed the procedures enumerated below, which were agreed to by Planned Parenthood Keystone, solely to assist in evaluating Planned Parenthood Keystone's compliance with the physical and financial separation of abortion services from services provided through the Women's Medical Services grants for the year ended June 30, 2015. Management is responsible for the Organization's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

1. Accountant tests of abortion activities and attests that these activities are physically and financially separate from those services funded under the Women's Medical Services grants.

Currently, four of the Organization's Title X centers perform abortions, Reading, Easton, Warminster and Allentown. All of those centers have separate hours for abortion and family planning services. During the designated hours for family planning, the center will not see abortion patients and during the set hours for abortion services the center will not see family planning patients. All data pertaining to abortion patients is manually logged onto sheets with a patient number, name, and the amount of money collected. The files are kept in a separate location and coded differently than family planning patients.

The results of these procedures indicate that the abortion activities are physically and financially separate from family planning services.

2. Accountant tests that equipment and supplies for abortion activities are purchased separately or if there is a single purchase for the entity that apportionment to the abortion activity is made equitably and documented according to the Cost Allocation Plan and attests to the same.

Planned Parenthood Keystone
Page Two

Supplies used specifically for abortion related activities are purchased separately from family planning supplies, using a separate purchase order system and are accounted for in the general ledger, under expense categories used for this purpose only. We examined and verified that abortion supplies at the center are kept in separate areas, separate purchase orders were used, and costs were properly posted to the general ledger. Our compliance testing of expenditures did not disclose any instance of expenses being improperly allocated to family planning services. Equipment purchased and used for abortion activities is expensed or capitalized according to the Organization's capitalization policy. The expense or depreciation related to the equipment is allocated to the appropriate cost center.

We noted no exceptions in performing these procedures and conclude that equipment and supplies are physically and financially separate.

3. Accountant tests the agency's process to distinguish the time each person/employee spends performing abortion and abortion related activities from other non-abortion related activities and attests to the same.

The Organization has a standard time system that distinctly requires the recording of time spent on abortion-related activities. We selected five pay periods and haphazardly examined time cards from employees allocated to abortion activities and family planning activities. We verified that the hours reported on the time sheet were consistent with the hours the center was open for abortion services. We verified that the wages posted to the general ledger for abortion activities was in agreement with the payroll records.

We noted no exceptions in performing these procedures, the agency's process to distinguish the time each employee spends performing abortion and abortion related activities exists.

4. Accountant tests that all payments received from persons receiving abortion or abortion related services, or payments made on their behalf, can be identified separately in the accounting records and attests to the same.

We verified and examined all payments received from patients for abortion services. The payments are summarized on a deposit log, used only for abortion services, and recorded on a separate deposit slip. Patients may pay by credit card, and a separate credit card account is used for abortion services, signed credit card slips and the daily batch report are stapled to the daily log. We verified that deposit slips and credit card payments agreed with the daily log and were deposited into the bank, with no exceptions where family planning receipts and abortion receipts were comingled.

5. Accountant tests that all payments made for rent, utilities, maintenance, supplies, or other purchases can be identified separately in the accounting records and attests to the same.

Allocations of overhead, maintenance and occupancy costs, not directly attributable to abortion services, are based on time usage for abortion services over total usage of the center. The amount allocated is reasonable based on all the factors involved, i.e.: space used only for abortion activities vs. shared space and space used only for family planning services. Abortion services are separately budgeted from family planning services and have separated general ledger accounts for classification.

**Planned Parenthood Keystone
Page Three**

Based on our observations and tests we conclude that payments made for rent, utilities, maintenance, supplies, or other purchases can be identified separately in the accounting records.

6. Accountant tests and describes how abortion and abortion related activities are physically separated from the activities of the entity funded through the agreement and attests to the same.

We observed the abortion hours of the Reading, Easton, Warminster and Allentown clinics. The hours are clearly stated and are generally the same every week. Family planning patients are not admitted during these hours. All abortion patients must have an appointment to be seen.

Based on the results of tests in numbers one through six, listed above, and the observations of the facility hours and inquiries of key personnel the procedures performed indicate that abortions and abortion related activities are physically separated from the activities funded through the agreement.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is solely for the information and use of the Finance and Audit Committee, Management and Board of Directors of Planned Parenthood Keystone, Maternal Family Health Services, Inc., Access Matters and the Department of Human Services and is not intended to be, and should not be used by anyone other than these specified parties.

Tait, Weller & Baker LLP

**Tait, Weller & Baker LLP

INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES

Board of Directors
Planned Parenthood Southeastern Pennsylvania
Philadelphia, PA

We have performed the procedures enumerated below, which were agreed to by Planned Parenthood Southeastern Pennsylvania (PPSP), Access Matters, and the Commonwealth of Pennsylvania, Department of Public Welfare (collectively, with the Board of Directors, the "specified parties"), solely to assist the specified parties with respect to complying with the requirements of Act 66 of 2006 and Family Planning Audit Guidelines, for the year ended June 30, 2015. PPSP's management is responsible for PPSP's accounting records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and results are as follows:

1. We obtained and read PPSP's Board Resolution on "Adoption of the Policy on the Distinct Separation between Non-Title X Abortion Activities and Title X Project Activities."
2. We verified that the abortion related activities for the year ended June 30, 2015 are physically and financially segregated from those services funded under any family planning appropriation.
3. We verified that equipment and supplies for abortion-related activities are purchased separately or, if there is a single purchase for the entity, that apportionment to the abortion related activity is made in accordance with the cost allocation plan. We randomly selected forty cash disbursements and traced them to supporting documentation to verify the proper recording in the general ledger. Based on our testing, we noted that abortion-related equipment and supplies were not recorded in non-abortion-related accounts. **No exceptions noted.**

4. We verified and observed that separate time sheets are maintained for personnel performing abortion-related activities for the year ended June 30, 2015. We randomly selected and reviewed the payroll transactions for five employees performing abortion-related services. For the five selections, we noted the separate allocation of payroll costs in the general ledger and the payroll registers based on the employees' abortion-related services noted on their time records. We randomly selected transactions from the months of August 2014, November 2014, March 2015 and May 2015 and traced their time records to the general ledger report for verification that services performed were properly coded. **No exceptions noted.**

5. We tested that services and payments received for abortion or non-abortion related services are recorded separately within the accounting records. We obtained PPSP's abortion related activities report summaries for each month recorded during the year. We randomly selected five months during the year ended June 30, 2015 and determined that all payments received from persons receiving abortion-related services, or payments made on their behalf, were maintained in separate accounting records. We randomly selected seven patient records from the selected months and traced to the underlying support and cash receipt to determine that it was for an abortion-related service and was properly recorded in the general ledger. **No exceptions noted.**

6. We obtained a schedule of PPSP's headquarter building, Norristown and West Chester Surgical Center expenses for the year ended June 30, 2015, which includes rent, utilities, maintenance, supplies and other purchases. We made inquires to determine that such expenses are properly allocated to abortion-related activities and non-abortion activities based upon square footage of the buildings or number of employees. We obtained and recalculated PPSP's allocations. **No exceptions noted.**

7. We verified through observation at each location that the abortion-related activities are physically separated from activities of PPSP funded through any family planning appropriation. Abortion-related activities are located on a separate floor from the non-abortion activities at the Locust Surgical Center. At the West Chester and Norristown locations, abortion-related services are provided only on designated days and/or times and in separately identified examination rooms. We also noted at these locations, that there were separately identified locked medical storage cabinets in the facility that provided clear segregation of family planning and abortion-related supplies. **No exceptions noted.**

We were not engaged to and did not conduct an audit, the objectives of which would be the expression of an opinion on the accounting records supporting compliance with the requirements of Act 66 of 2006 and Family Planning Audit Guidelines. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of PPSP, Access Matters and the Commonwealth of Pennsylvania, Department of Public Welfare and is not intended to be and should not be used by anyone other than those specified parties.

Harrisburg, PA 17120

Dear Ms. Nguyen:

The purpose of this letter is to satisfy the requirements of paragraph C of the Grantee Audit Guidelines for the Family Planning Councils as required by Appropriations Act 66 of 2006 72 P.S. 1701-D, effective state fiscal year 2006-2007. In compliance with paragraph C, Adagio Health attests that the sub-grantee falling into this category is in compliance with the above referenced audit guidelines as they relate to the physical and financial separation of abortion services from services provided through the grant for women's medical services, including non-invasive contraceptive supplies.

As always, should you require additional information, please do not hesitate to call us.

Sincerely,

B.J. Leber

Independent Accountant's Report on Applying Agreed-upon Procedures

To the Board of Directors
Adagio Health Inc.
Pittsburgh, Pennsylvania

We have performed the procedures enumerated below, which were agreed to by the Commonwealth of Pennsylvania Department of Human Services (DHS) and management of Adagio Health Inc. (the "Organization" or "you"), solely to assist you with respect to evaluating Adagio Health's compliance with the required review of sub-grantee policies and annual inspection of sub-grantees that engage in abortion-related activities during the year ended June 30, 2015. We have been informed that the only sub-grantee of Adagio Health that engages in abortion services, and is not exempt under the Grantee Audit Guidelines for the Family Planning Councils, is Planned Parenthood of Western Pennsylvania. This engagement to apply agreed-upon procedures was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

Procedures related to the Grantee (Adagio Health): We asked the following questions and received the following responses:

1. **Question:** Does the Grantee (Adagio Health) receive, from each sub-grantee that engages in abortion-related activities, a copy of the sub-grantee's policies and procedures and other documentation of its abortion-related activities, including the means and methods of separating these activities from activities of the sub-grantee funded through any family planning appropriation?

Are these policies and procedures and other documentation approved by the sub-grantee's Board of Directors?

Response: Adagio Health has received a copy of the sub-grantee's policies and procedures. These policies and procedures have been approved by the sub-grantee's Board of Directors. A copy of the policies and procedures is available for inspection.

2. **Question:** Did the Grantee (Adagio Health) perform an inspection of the sub-grantee to separately attest to the physical and financial separation of abortion-related activities from any family planning project?

Has the Grantee (Adagio Health) reviewed the abortion-related services for compliance with pertinent state and federal laws, regulations, and guidelines addressing the promotion, performance, or referral of abortions or abortion counseling and the required separation of these activities from any family planning projects?

Response: Adagio Health has performed an inspection of the physical and financial separation of the sub-grantee's abortion-related activities. In addition, Adagio Health has reviewed the abortion-related services for compliance with pertinent state and federal laws.

3. **Question:** Did the Grantee (Adagio Health) include the physical and financial separation and the audit requirements in every grant, contract, or agreement with a sub-grantee or contractor?

Did the Grantee (Adagio Health) develop guidelines for the use of the sub-grantee in establishing facilities that promote, perform, or refer for abortions or abortion counseling?

Response: Adagio Health did include the physical and financial separation and the audit requirements in every grant, contract, or agreement with a sub-grantee or contractor.

Adagio Health did not develop guidelines for the use of the sub-grantee. However, Adagio Health has provided the sub-grantee with all relevant information related to any family planning appropriation.

We were not engaged to, and did not, conduct an examination, the objectives of which would be the expression of an opinion on the Organization's compliance with the requirements listed above. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the Commonwealth of Pennsylvania Department of Human Services, the Board of Directors and management of Adagio Health Inc., and is not intended to be and should not be used by anyone other than these specified parties.

BDO USA, LLP

Pittsburgh, Pennsylvania

January 28, 2016

**INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED UPON PROCEDURES**

**Board of Directors
Planned Parenthood of Western Pennsylvania, Inc.
Pittsburgh, Pennsylvania**

We have performed the procedures enumerated below, which were agreed to by the management and the Board of Directors of Planned Parenthood of Western Pennsylvania, Inc. (Planned Parenthood) and the Commonwealth of Pennsylvania Department of Public Welfare (DPW) solely to assist the specified parties with respect to complying with the requirements of Act 66 of 2006 and Family Planning Audit Guidelines, for the year ended June 30, 2015. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of Planned Parenthood and the DPW. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Procedures related to the sub-grantee: We inquired of the management of Planned Parenthood regarding the assertions below and performed observation procedures to confirm the responses of the management of Planned Parenthood, as indicated below:

1. Assertion: Abortion-related activities are physically and financially separate from those services funded under any family planning appropriation.

Response: The abortion-related activities performed by Planned Parenthood are physically separate from services provided under any family planning appropriation. The financial records and physical custody of assets related to abortion-related activities are separate from the records and physical custody of assets related to family planning appropriations.

2. Assertion: Equipment and supplies for abortion-related activities are purchased separately, or if there is a single purchase for the entity that apportionment to the abortion-related activity is made equitably and documented according to the Cost Allocation Plan.

Response: Purchases of equipment and supplies used by Planned Parenthood for abortion-related activities are separate from purchases for Planned Parenthood's other services.

3. Assertion: Separate timesheets are maintained for the personnel performing abortion-related activities.

Response: Separate timesheets are maintained by all employees, including those who perform abortion-related activities.

**Board of Directors
Planned Parenthood of Western Pennsylvania, Inc.
Page Two**

4. Assertion: All payments received from persons receiving abortion-related services, or payments made on their behalf, are maintained in separate accounting records.

Response: All payments received from persons receiving abortion-related services are segregated from other receipts of Planned Parenthood.

5. Assertion: All payments made for rent, utilities, maintenance, supplies, or other purchases are maintained on separate accounting records.

Response: Planned Parenthood maintains separate accounting records for the abortion-related services costs. As such, payments for all expenses, including rent, utilities, maintenance, supplies and other purchases are reflected in the abortion related services accounting records only.

6. Assertion: Abortion-related activities are physically separated from activities of the entity funded through any family planning appropriation.

Response: Abortion-related activities are physically separated from activities of the entity funded through any family planning appropriation.

We were not engaged to and did not conduct an audit, the objectives of which would be the expression of an opinion on the accounting records supporting compliance with the requirements of Act 66 of 2006 and Family Planning Audit Guidelines. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management and the Board of Planned Parenthood and the Pennsylvania, Inc. and the Department of Public Welfare, and is not intended to and should not be used by anyone other than these specified parties.

Dear Ms. Nguyen:

The purpose of this letter is to satisfy the requirements of Act 66 of 2006 72 P.S. 1701-D effective state fiscal year 2006-2007. Family Health Council of Central Pennsylvania, Inc. (FHCCP) is in full compliance and therefore attests that all its sub-grantees are in compliance with the above referenced audit guidelines as they relate to the physical and financial separation of abortion services from services provided through all family planning appropriations received from the Commonwealth of Pennsylvania.

Enclosed is the independent auditor report from the accounting firm of Boyer & Ritter LLC, attesting that both the FHCCP and its sub-grantee (Planned Parenthood of Western Pennsylvania, Inc.) are in compliance with the aforementioned audit guidelines.

Enclosed is the December 2015 report from Tait, Weller & Baker, LLP, for Planned Parenthood of Western Pennsylvania, Inc. attesting that this organizations is in compliance with the audit guidelines.

If you require additional information, please let me know.

Sincerely,

A handwritten signature in black ink that reads "Santaisha Garcia". The signature is written in a cursive, flowing style.

CONTENTS

INDEPENDENT ACCOUNTANT'S REPORT ON SUPPLEMENTAL COMPLIANCE REQUIREMENTS AS REQUIRED BY APPROPRIATIONS ACT 66; 72 P.S. 1701-D	1 - 2
---	-------

**INDEPENDENT ACCOUNTANT'S REPORT ON SUPPLEMENTAL COMPLIANCE
REQUIREMENTS AS REQUIRED BY APPROPRIATIONS ACT 66; 72 P.S. 1701-D**

Board of Directors
Family Health Council of Central Pennsylvania, Inc.
Camp Hill, Pennsylvania

We have examined the Family Health Council of Central Pennsylvania, Inc.'s compliance with the "Grantee Audit Guidelines for the Family Planning Councils" provided by the Commonwealth of Pennsylvania, Department of Human Services in relation to Appropriations Act 66 for the year ended June 30, 2015. Those Guidelines require that the Council perform, at a minimum, an annual inspection of the sub-grantee to separately attest to the physical and financial separation of the promotion, performance, or referral of abortions or abortion counseling. The Council's inspection of the sub-grantee (Planned Parenthood of Western Pennsylvania, Inc.) operations included, but was not limited to, the gathering of information to document subgrantee's compliance with the following:

1. Abortion activities are physically and financially separate from those funded under the Women's Medical Services Grant.
2. Equipment and supplies for abortion activities are purchased separately.
3. Separate timesheets are maintained for personnel performing abortion and abortion related activities.
4. All payments received from persons receiving abortion or abortion related services, or payments made on their behalf are maintained in separate accounting records.
5. All payments for rent, utilities, maintenance and supplies are maintained on separate accounting records.

Management is responsible for the Council's compliance with these requirements. Our responsibility is to express an opinion on the Council's compliance based upon our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining on a test basis, evidence about the Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our examination provides a reasonable basis for our opinion. Our opinion does not provide a legal determination on the Council's compliance with specified requirements.

In our opinion, the Council complied in all material respects with the Guidelines contained in Appropriations Act 66 as the grantee for the year ended June 30, 2015.

This report is intended solely for Family Health Council of Central Pennsylvania and the Pennsylvania Department of Human Services and is not intended to be and should not be used by anyone other than those parties.

**INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED UPON PROCEDURES**

**Board of Directors
Planned Parenthood of Western Pennsylvania, Inc.
Pittsburgh, Pennsylvania**

We have performed the procedures enumerated below, which were agreed to by the management and the Board of Directors of Planned Parenthood of Western Pennsylvania, Inc. (Planned Parenthood) and the Commonwealth of Pennsylvania Department of Public Welfare (DPW) solely to assist the specified parties with respect to complying with the requirements of Act 66 of 2006 and Family Planning Audit Guidelines, for the year ended June 30, 2015. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of Planned Parenthood and the DPW. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Procedures related to the sub-grantee: We inquired of the management of Planned Parenthood regarding the assertions below and performed observation procedures to confirm the responses of the management of Planned Parenthood, as indicated below:

1. Assertion: Abortion-related activities are physically and financially separate from those services funded under any family planning appropriation.

Response: The abortion-related activities performed by Planned Parenthood are physically separate from services provided under any family planning appropriation. The financial records and physical custody of assets related to abortion-related activities are separate from the records and physical custody of assets related to family planning appropriations.

2. Assertion: Equipment and supplies for abortion-related activities are purchased separately, or if there is a single purchase for the entity that apportionment to the abortion-related activity is made equitably and documented according to the Cost Allocation Plan.

Response: Purchases of equipment and supplies used by Planned Parenthood for abortion-related activities are separate from purchases for Planned Parenthood's other services.

3. Assertion: Separate timesheets are maintained for the personnel performing abortion-related activities.

Response: Separate timesheets are maintained by all employees, including those who perform abortion-related activities.

4. Assertion: All payments received from persons receiving abortion-related services, or payments made on their behalf, are maintained in separate accounting records.

Response: All payments received from persons receiving abortion-related services are segregated from other receipts of Planned Parenthood.

5. Assertion: All payments made for rent, utilities, maintenance, supplies, or other purchases are maintained on separate accounting records.

Response: Planned Parenthood maintains separate accounting records for the abortion-related services costs. As such, payments for all expenses, including rent, utilities, maintenance, supplies and other purchases are reflected in the abortion related services accounting records only.

6. Assertion: Abortion-related activities are physically separated from activities of the entity funded through any family planning appropriation.

Response: Abortion-related activities are physically separated from activities of the entity funded through any family planning appropriation.

We were not engaged to and did not conduct an audit, the objectives of which would be the expression of an opinion on the accounting records supporting compliance with the requirements of Act 66 of 2006 and Family Planning Audit Guidelines. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management and the Board of Planned Parenthood and the Pennsylvania, Inc. and the Department of Public Welfare, and is not intended to and should not be used by anyone other than these specified parties.

Dear Ms. Nguyen:

The purpose of this letter is to satisfy the annual requirements of paragraph C of the Grantee Audit Guidelines for Family Planning Councils as required by Act 66 of 2006 P.S. 1701-D effective State Fiscal year 2006-2007, which is due January 29, 2016 for the current year. In compliance with paragraph B, Maternal and Family Health Services, Inc., attests that all its sub-grantees are in compliance with the above referenced audit guidelines as they relate to the physical and financial separation of abortion services from services provided thorough any family planning appropriation.

Auditor material and other related documentation supporting this attest are available for department review. If you require any additional information, please do not hesitate to contact us.

Respectfully,

Elizabeth Cox Saxton
President & CEO

**INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING
AGREED-UPON PROCEDURES**

To the Board of Directors
Maternal and Family Health Services, Inc.

We have performed the procedures enumerated below, which were agreed to by the management of Maternal and Family Health Services, Inc. (MFHS) and the Pennsylvania Department of Public Welfare, solely to assist the specified parties in evaluating MFHS's compliance with required reviews of subgrantee policies and annual inspection of subgrantees that promote, perform or refer for abortions or engage in abortion counseling during the year ended June 30, 2015. Planned Parenthood Keystone through its Reading, Easton and Allentown, Pennsylvania centers is the only subgrantee of MFHS that engages in abortion services. Management is responsible for MFHS's compliance with those requirements.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

We asked the following questions and provided the responses.

Question #1: Does the Grantee (MFHS) receive, from each subgrantee that is promoting, performing or referring for abortions or engaging in abortion counseling, a copy of the subgrantee's policies and procedures and other documentation of its abortion and abortion related activities, including the means and methods of separating these activities from activities of the subgrantee funded through any family planning appropriation?

Are these policies and procedures and other documentation approved by the subgrantee's Board of Directors?

Response: MFHS has received a copy of the subgrantee's policies and procedures. These policies and procedures were approved by the sub-grantee's Board of Directors. A copy of the policies and procedures is attached to this report.

Question #2: Did the Grantee (MFHS) perform an inspection of the subgrantees to separately attest to the physical and financial separation of the promotion, performance, or referral of abortions or abortion counseling?

Has the Grantee reviewed the abortion services for compliance with pertinent state and federal laws, regulations, and guidelines addressing the promotion, performance, or referral of abortions or abortion counseling and the required separation of these activities from other medical services provided by the subgrantee and funded through the Women's Medical Services grant?

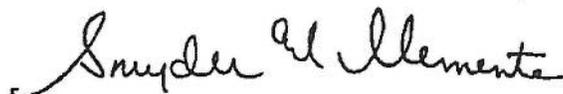

Response: MFHS has conducted an on site assessment of one of the subgrantee's three locations to confirm compliance with the guidelines of Title X Funded Family Planning Services for the separation of abortion services from Family Planning Services. MFHS has also utilized an inspection and review of the abortion services for compliance with pertinent state and federal laws in an agreed upon procedures report issued by the subgrantee's independent audit firm. MFHS plans on attesting to the Pennsylvania Department of Public Welfare by February 29, 2016 as to the subgrantee's compliance with these requirements.

Question #3: Did the Grantee (MFHS) develop guidelines for the use of the subgrantee in establishing facilities that promote, perform, or refer for abortions or abortion counseling?

Response: MFHS did not develop specific guidelines for the use of the subgrantee. However, MFHS did provide the subgrantee with all pertinent information that was received from the Pennsylvania Department of Public Welfare or included by contract to the subgrantee.

We were not engaged to and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Directors and management of Maternal and Family Health Services and the Pennsylvania Department of Public Welfare and is not intended to be and should not be used by anyone other than these parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE

WITH THE REQUIREMENTS OF ACT 66 OF 2006 72 P.S. 1701-D

To the Board of Directors
Maternal and Family Health Services, Inc.

We have examined the compliance of Maternal and Family Health Services, Inc. (MFHS) with types of compliance requirements described in the U.S. Office of Management and Budget Circular A-133 Compliance Supplement that are applicable to each of its major programs for the year ended June 30, 2015 and issued our report on compliance dated December 22, 2015.

This report addresses the additional compliance requirements contained in "Grantee Audit Guidelines for the Family Planning Councils", as required by Act 66 of 2006 72 P.S. 1701-D, concerning the physical and financial separation of abortion services from services provided through the grant for appropriated family planning funds, as listed in attachment 1.

Planned Parenthood Keystone, Inc. (Planned Parenthood) receives funding from MFHS, as a subgrantee, for family planning services. However, the Reading, Allentown and Easton Pennsylvania centers of Planned Parenthood Keystone, Inc. also engage in abortion related activities. Planned Parenthood Keystone's, Inc. independent auditor has attested to the physical and financial separation of abortion services from services provided through appropriated family planning funds in a report dated October 28, 2014 for the year ended June 30, 2015.

We have examined MFHS's compliance with the requirements listed in Attachment 1 concerning the physical and financial separation of abortion services from services provided through the grant for appropriated family planning funds during the year ended June 30, 2015. Management is responsible for MFHS's compliance with those requirements. Our responsibility is to express an opinion on MFHS's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about MFHS's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination of MFHS's compliance with specified requirements.

In our opinion, Maternal and Family Health Services, Inc. complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2015.

This report is intended for the information of the Board of Directors, management and the Pennsylvania Department of Public Welfare and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, reading "Snyder Ellemente". The signature is written in a cursive style with a large, sweeping initial 'S'.

ATTACHMENT 1

Grantee Audit Guideline for the Family Planning Councils as required by Act 66 of 2006 P.S. 1701-D

The independent auditors must attest that:

- 1. Abortion activities are physically and financially separate from those services funded under the appropriated family planning funds.**
- 2. Equipment and supplies for abortion activities are purchased separately or if there is a single purchase for the entity that apportionment to the abortion activity is made equitably and documented according to the Cost Allocation Plan.**
- 3. Separate timesheets are maintained for the personnel performing abortion and abortion related activities.**
- 4. All payments received from persons receiving abortion or abortion related services, or payments made on their behalf, are maintained on separate accounting records.**
- 5. All payments made for rent, utilities, maintenance, supplies, or other purchases are maintained on separate accounting records.**
- 6. Abortion and abortion related activities are physically separated from activities of the entity funded through the appropriated family planning funds.**
