

Attention:
SILR Instructional Packet

You must enter your School Immunization Law Report (SILR) data into the Web-based system. Review the SILR instructional packet provided, as there have been several changes.

November 30, 2015

Dear School Nurse:

Every year the Pennsylvania Department of Health (DOH), Division of Immunizations (DOI) is responsible for collecting information on students' school immunization history to ensure compliance with the Pennsylvania school immunization requirements. This data is collected in what is known as the School Immunization Law Report (SILR). The SILR is a Web-based system that schools use to document students' immunization history. All schools must enter the SILR data in the Web-based system. If you are unable to enter your SILR data in the Web-based system, please contact the DOI utilizing the contact information at the end of this letter.

Enclosed is the 2015-2016 SILR. All Web-based reports must be entered between March 1, 2016, and March 31, 2016.

Section 1 of the report addresses schools that have exclusions from submitting the SILR, the pre-printed school address with the nine-digit AUN and four-digit school/branch number, and information needed from the person completing the SILR.

Section 2 of the report is for the active grades within the school for which you are reporting. Check the box if you are reporting grades K and 7, only grade K, or only grade 7.

In Section 3 of the report, enter the total number of students enrolled in each grade for which you are reporting (Column A); of that total, the number of students who are medical exempt (Column B); the number of students who are religious exempt (Column C); the number of students who are philosophical/strong moral or ethical conviction exempt (Column D); the number of students who are enrolled provisionally (Column E); and the total number of students denied admission or attendance because they do not have their required immunizations (Column F).

The DOI is continuing to collect antigen-specific data for kindergarten and seventh grade students. Section 4 of the report collects the number of students in kindergarten and seventh grade who have the number of doses indicated of a specific antigen or have had the disease. Only record the kindergarten or seventh grade students who are current with the required doses of the specific antigen. If a block is shaded, it is not applicable for that particular grade.

If you have additional questions on completing the report or logging into the Web-based system, contact Patti Matlock at 717-787-5681. Also, visit our website at <http://www.dontwaitvaccinate.pa.gov>. Click on School Children Immunizations for updates throughout the year.

Thank you for your continued cooperation.

Sincerely,

A handwritten signature in blue ink that reads 'Patti Matlock'. The signature is written in a cursive, flowing style.

Patti Matlock, R.N.
Nursing Services Consultant
Division of Immunizations

Enclosures

Section 1

TO EXCLUDE YOUR SCHOOL ...
If your school should be excluded and you are unable to file your exclusion electronically, check one of the boxes below. This form should then be sent to the address provided. Exclusions are to be filed electronically when possible.

Exclusion reasons:

School is closed

Students are enrolled at home school district

There is no K and no seventh grade

Is this entity a preschool/daycare?

Was this report approved by a medical professional?
 Yes No

Name: _____

Job title: _____

Telephone number: _____

Date: _____

ATTENTION SCHOOL NURSE **AUN#**

Complete the above information.

Mail this form to Department of Health (DOH) only if you do not have access to a computer.

Pennsylvania Department of Health
Division of Immunizations
Health and Welfare Bldg., Room 1026
625 Forster
Harrisburg, PA 17120-0701

***Please make any address corrections in the above block and return form.

Section 2	Section 3	A	B	C	D	E	F	Section 4

	Kindergarten														
	Seventh Grade														

*There is more information regarding the completion of this report under the Help Link on the Main Menu per the guidelines.

PRINTED ABOVE IS THE 2015-16 SCHOOL IMMUNIZATION LAW REPORT (SILR) DUE: March 31, 2016

The Department of Health encourages you to enter your school information online at <https://apps.health.pa.gov/sira/>. See below for detailed online registration instructions. Go to "New online registration" if this is your first time reporting the School Immunization Law Report. If you previously registered, follow instructions for "If already registered." If you do not have access to a computer, follow the "Step-by-Step General Instructions" for entering your school report. Shaded areas do not require a response; however, a numerical value must be entered into each un-shaded block. Complete your report form and mail to the Pa. Department of Health, Division of Immunizations (DOI) to the address listed above. If you have any questions on completing the report please contact DOI at 717-787-5681.

New online registration:

- Enter the Web-based system <https://apps.health.pa.gov/sira/>. Click REGISTER link on menu at left side of screen.
- Enter school district's nine-digit administrative unit number (AUN) and four-digit school/branch number (found in the address block in the SILR). Do not combine two schools together onto one report.
- Click on the ADD button to add school to the selected schools list. (If you have more than one school, type in the nine-digit AUN number and four-digit school/branch number for those individual schools, and click ADD until you get all your schools listed).
- Complete all fields under user registration.
- Keep username and password for future use in a confidential place. It is a breach of security to share passwords.
- Click REGISTER button; click OK when registration is complete. Then follow the instructions to complete online submission.

If already registered:

- Click on LOGIN link. Enter your username and password (DO NOT re-register).
- Click SUBMIT. Follow steps to ADD REPORT. Follow the General SILR online instructions.
- If you forgot your username, call the DOI and provide them with the following information: your email address, the school (s) you report on, your nurse license number, the school district's nine-digit administrative number (AUN) and four-digit digit school/branch number. We will email your username to you. If you do not remember your password, click below the submit button (Forgot your Password Click here). Your password will be emailed to you.

Step-by-step general instructions if you are not reporting online:

- Each school district is given a nine-digit administrative unit number (AUN) and a four-digit school/branch number. Each school requires a separate report. Do not combine two schools together onto one report. Review and complete the above report. We are ONLY interested in data from kindergarten and seventh grade who were and who were not vaccinated with the number of doses specified on the form. Review Exclude Your School ONLY, if you do not have students in kindergarten and seventh grade. If your facility is closed, you may enter the information by checking the appropriate box above and return to the Department of Health. Fill out who approved the report and provide name, job title, telephone number and the date of the report.
- In Section 1 of the SILR report, enter if you have any exclusions and select the exclusion reason: School is closed, Students are enrolled at home school district, There is no K and no seventh grade, Is this entity a preschool/daycare.
- In Section 2 of the SILR report, enter the active grades within the school that you are reporting; check the box if you are reporting grades K and 7, only grade K and only grade 7.
- In Section 3 of the report, enter the total number of students enrolled in each listed grade section (Column A); number of students who are medical exempt (Column B); number of students who are religious exempt (Column C); number of students who are philosophical/strong moral or ethical conviction exempt (Column D); number of students who are enrolled provisionally until they complete required immunizations (Column E); and total number of students denied admission/attendance (Column F).
- Section 4 of the report is asking for the number of students in kindergarten and seventh grades that have the number of doses indicated of the specific antigen or that had the disease. There are specific columns for specified vaccines; please indicate them in your report. Make a copy of your report.
- Mail to the address listed above.

**Pennsylvania Department of Health
2015-2016 Annual School Immunization Law Report
(SILR) Instructional Packet**

**Instructions for Annual School Immunization Law Report
(Reference and Screen Shots 2015-2016)**

I. Introduction

Thank you for completing the annual School Immunization Law Report (SILR). This guide has been developed to assist you in completing the report. If you have access to a computer it is strongly encouraged that you complete the information online. If you do not have access to a computer, follow the General Instructions.

.....

II. Grades reported

For all questions only include all current students enrolled in kindergarten and seventh grade.

- The online application will be available to input your information from March 1 through March 31. Use of the online application is strongly encouraged.
- If mailing your report, it must be received by the Department of Health (DOH) by March 15.
- Do NOT include information on pre-school or pre-k students in the responses.
- Please review and validate the online information prior to submitting the SILR. Once you click "SUBMIT," you are unable to change the information. If a mistake was made, call the Division of Immunizations (DOI), 717-787-5681.
- Once you submit your information, make a copy of your report. If mailing your information, make a copy for your records.
- Do not leave any blocks blank. Please fill in a zero (0) in any blank area.
- You will not be able to advance in the online SILR unless entry is made in all fields.
- Preschool/daycare settings with kindergarten are required to report. Those without kindergarten are to complete the exclusion instructions.

III. Ungraded class

A student who attends an ungraded class and is 12 years of age will need one dose of meningococcal conjugate vaccine (MCV) and one dose of tetanus, diphtheria, acellular pertussis (Tdap) vaccine.

IV. Exclusion from reporting:

- Alternative schools do not need to report as long as the home school district is completing the SILR and counting those students in their enrollment and maintaining their records.
- The alternative school will need to submit their exclusion reason online in the beginning of the SILR.

Other exclusion reasons:

- School is closed
- Students are enrolled at home school district
- There is no K and no seventh grade
 - Is the entity a preschool/daycare?

Instructions for Annual School Immunization Law Report (Reference and Screen Shots 2015-2016)

V. Access to SILR:

To access the SILR online:

➤ Go to <https://apps.health.pa.gov/sira/>.

All Web-based reports must be entered March 1, 2016, through March 31, 2016. If you do not have access to a computer and are submitting your report by hard copy, this report must be completed and returned to the DOH, DOI by March 15, 2016.

See the following instructions for online registration. Keep a copy of your report. Follow the “Step-by-Step” General Instructions on page 20 for entering your school report.

Home Screen:

The screenshot shows the home screen of the School Immunization Law Report (SILR) application. At the top left is the Pennsylvania Department of Health logo. A dark blue header bar contains the text "School Immunization Law Report (SILR)" on the left and "Wednesday, August 26, 2015" on the right. Below the header is a left-hand navigation menu with a blue background, containing the following items: "DEVELOPMENT", "Menu", "Links:", "School Procedure Manual (.pdf 839KB)", "Pa. Health Immunizations Immunization Schedule", "EdNA", "Vaccine Identification", "Help", "Register", and "Log In". The main content area is white and contains the following text: "Please note: If you have already registered, please proceed to the *Login* screen by selecting *Log In* from the left navigation menu. Otherwise, please register by selecting *Register* from the menu. Please see the *Help* link for more information." Below this is a system requirement message: "This website is best viewed with Internet Explorer 11.x and below, in compatibility mode, with Windows 7 (32-bit or 64-bit) operating system."

Instructions for Annual School Immunization Law Report (Reference and Screen Shots 2015-2016)

Educational Links:

The screenshot shows the Pennsylvania Department of Health website for the School Immunization Law Report (SILR). The header includes the Pennsylvania Department of Health logo and the date Wednesday, August 26, 2015. Below the header, there is a navigation menu on the left and a main content area. The menu includes links for School Procedure Manual (.pdf 839KB), Pa. Health Immunizations, Immunization Schedule, EdNA, Vaccine Identification, Help, Register, and Log In. The main content area contains a note about browser compatibility and a warning about registration.

Username:

Password: Case sensitive.

Confirm password: Case sensitive.

3. Register:

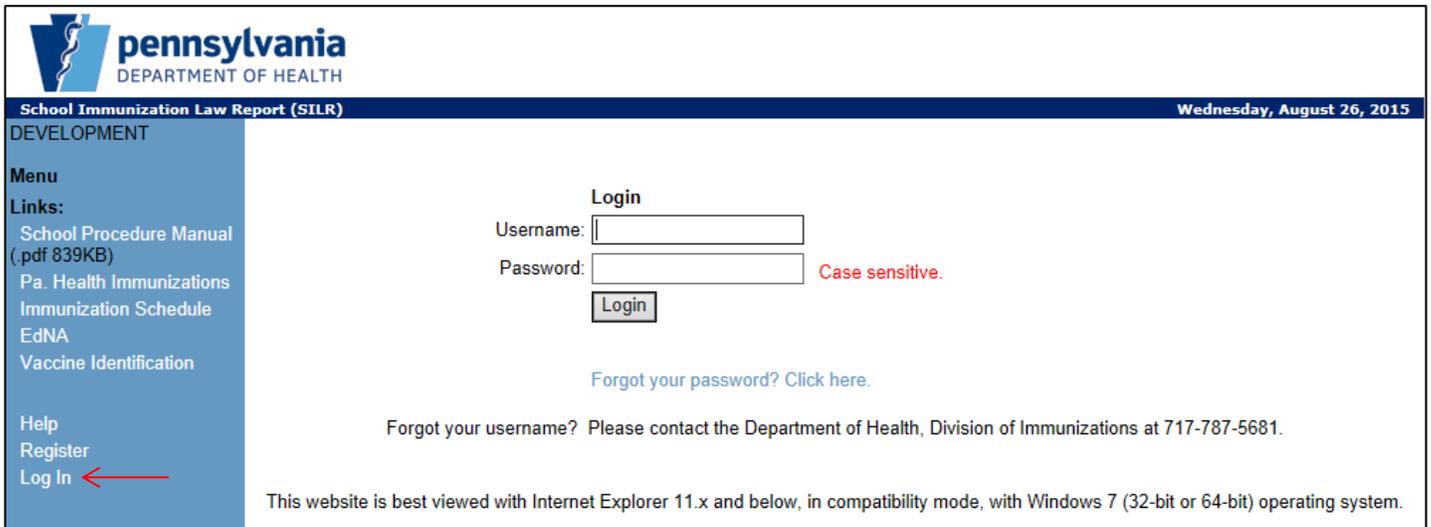

Note: If you are responsible for entering data for more than one school, please select multiple schools and only register once. Changes to your account (including adding more schools) may always be completed at a later time, by first logging in and then clicking the "My Account" link.

To register:

- Enter the Web-based system <https://apps.health.pa.gov/sira/>.
- DO NOT re-register. This is for first time users to register.
- Click "REGISTER" link on menu at left side of screen.
- Enter school district's nine-digit Administrative Unit Number (AUN) and four-digit school/branch number (found above your school's address on the report that was sent to the school). Do not combine two schools together onto one report.
- Click on the "ADD" button to add school to the selected schools list. (If you have more than one school, type in that AUN as well and click ADD until you get all your schools listed).
- Complete all fields under user registration.
- Usernames and passwords cannot be longer than 10 characters each. Keep username and password for future use.
- Click REGISTER button.
- Click OK when registration is complete.
- Click SUBMIT. Follow steps to ADD REPORT.

Active grades:

- Select the active grades within the school you are reporting;
- Check the box if you are reporting: Both kindergarten and seventh grade, kindergarten only, or seventh grade only.

Enter the total number of students enrolled in each listed grade:

- (Column A) total number of students enrolled;
- (Column B) number of students who are medical exempt;
- (Column C) number of students who are religious exempt;
- (Column D) number of students who are philosophical/strong moral or ethical conviction exempt;
- (Column E) number of students who are enrolled provisionally until they complete required immunizations; and
- (Column F) total number of students denied admission/attendance.

Enter the number of students in kindergarten and seventh grade that have the number of doses indicated of the specific antigen or have had the disease:

- Enter the specific antigens in each of the listed columns.
- Answer the question “Was this report approved by a medical professional?” (YES)
- Answer the question “Is the medical professional the same person as the submitter?” (YES)
- If the answer is NO to the two previous questions the boxes will remain blank.
- Click on “Run validation checks”.
- You will be asked “Have you validated the numbers you entered? If so, select OK to continue. Otherwise, click cancel to return to the form.”
- Once the data has been validated, click the “Yes” button certifying that the values you entered are correct.
- The button will then change to “Submit report”.
- Submit your report and make a copy.

Search tips:

*All school nurses have the ability to get to their OWN assigned school's data, including past year's data. Schools are assigned to nurses either during the registration process or by clicking the 'My Account' button and assigning schools. If you have trouble getting to your data, don't put in any search criteria; simply click the 'Search' button instead.

*If searching by School name, it must be typed exactly as it exists in this system, in order to yield search results. If you don't know how the name exists in this system, then don't filter your search by School name.

Search criteria:

Administrative Unit Number (AUN):	<input type="text"/>	(9 digits)
School/branch number:	<input type="text"/>	(4 digits)
School name:	<input type="text"/>	
School type:	--Select--	▼
School district:	--Select--	▼
County:	--Select--	▼
Intermediate Unit (IU):	--Select--	▼
Report year:	2014	▼
		<input type="button" value="Search"/> <input type="button" value="Reset"/> <input type="button" value="Cancel"/>

- All school nurses have the ability to access their assigned school's data.
- You may access results from the schools identified under your user ID.
- You may access data from past years.
- Click on the "MY ACCOUNT" button to access assigned school data.
- If you have trouble accessing the data, do not put in any search criteria; CLICK the "SEARCH" button.
- If searching by school name, type it exactly as it exists in the system.

**Instructions for Annual School Immunization Law Report
(Reference and Screen Shots 2015-2016)**

Step-By-Step General Instructions:

Section 1:

- In Section 1 of the SILR report, enter if you have any exclusions, select the exclusion reason: 1) School is closed; 2) Students are enrolled at home school district; 3) There is no K and no seventh grade; 4) Is this entity a preschool/daycare.
- Provide name, job title, telephone number, the date of the report, and who approved the report.
- Each school district is given a nine-digit Administrative Unit Number (AUN) and a four-digit school/branch number. Each school requires a separate report. Do not combine two schools on one report.
- If you do not have access to a computer, mail a hard copy by March 15 to the Department of Health, Division of Immunizations, Health and Welfare Building Room 1026, 625 Forster Street, Harrisburg, PA 17120-0701. Validate all information before mailing. Print a copy of the completed SILR for your records.

Section 2:

- In Section 2 of the SILR report, enter the active grades within the school that you are reporting; check the box if you are reporting grades K and 7, only grade K or only grade 7.

Section 3:

- In Section 3 of the SILR report, enter the (Column A) total number of students enrolled in each listed grade section; (Column B) number of students who are medical exempt; (Column C) number of students who are religious exempt; (Column D) number of students who are philosophical/strong moral or ethical conviction exempt; (Column E) number of students who are enrolled provisionally until they complete required immunizations; and (Column F) total number of students denied admission/attendance.

Section 4:

- In Section 4 of the SILR report, enter the number of students in kindergarten and seventh grade that have the number of doses indicated of the specific antigen or had the disease. Enter the specific antigens in each of the listed columns. Do not enter numbers in the shaded blocks.
- Complete this for all immunizations listed for kindergarten and seventh grade. If the student does not have the number of doses specified for a specific antigen, he/she will then be listed as "provisional" unless he/she submits a signed Certificate of Immunization Card (green and white card) with a signed Statement of Exemption to Immunization Law. All other completed doses must be indicated.

If you are submitting online, validate your information before submitting. Once you click "SUBMIT," print a copy for your records. Once submitted, the SILR is finalized and cannot be changed. Please contact the DOI at 717-787-5681 if a revision needs to be made or if there are any questions.

**Instructions for Annual School Immunization Law Report
(Reference and Screen Shots 2015-2016)**

VII. School Exemptions:

Annually the DOH is required to report school vaccination coverage levels to the Centers for Disease Control and Prevention (CDC). One category required is the total number of medical, religious and philosophical exemptions. Below are the definitions.

Medical exemption. Children are exempt from immunization if a physician or physician's designee provides a written statement that immunization may be detrimental to the health of the child.

Religious exemption. Children are exempt from immunization if the parent, guardian or emancipated child objects in writing to the immunization based on contradiction to their religious beliefs.

Philosophical/Strong Moral Ethical Conviction exemption. Children are exempt from immunization if the parent or guardian or emancipated child objects in writing to the immunization based on personal beliefs.

VIII. SILR Questions – General Information:

- Question 1: Is this survey required for home school children?**
Yes, home schooled children should be counted in the school district in which they reside.
- Question 2: If I complete the SILR online, do I still need to mail in a copy to the DOI?**
No. Print a completed copy of the SILR for your records.
- Question 3: Can the school nurse change his/her name, email address and/or telephone number?**
Yes, the school nurse can make necessary changes to his/her name, email address or telephone number in the login page.
- Question 4: If I am in charge of two different schools in the same district, can I enter both of them in the same report?**
No, enter each school separately by its nine-digit AUN and four-digit school/branch number.
- Question 5: Can I enter first grade in the school report?**
No, you are required to report kindergarten and seventh grade only.
- Question 6: Can I use the same password the previous nurse used?**
No, your password should be kept confidential. Never use anyone else's password. This is considered a security breach in the system. You should enter your own password and keep it in a safe place.
- Question 7: Should I send the green and white immunization cards to Department of Health?**
No, the green and white immunization cards are to be kept at the school where the student is enrolled.
- Question 8: My school has merged with another school; what nine-digit AUN and four-digit school/branch number do I use?**
Contact your school administrator for the current nine-digit AUN and four-digit school/branch number.
- Question 9: My school just moved to a new location, and I cannot find it listed under my schools that I report.**
Contact your school administrator for the current nine-digit AUN and four-digit school/branch number. Follow the instructions for adding a school to the online SILR.
- Question 10: If my school has closed should I mark the exclusion box and return the form to DOI?**
No, you can choose the box for the specific exclusion, and click SUBMIT.

**Instructions for Annual School Immunization Law Report
(Reference and Screen Shots 2015-2016)**

IX. SILR Questions – Immunization Status:

Question 1: Does a student entering seventh grade require Tdap?

Yes, Tdap is required for entry into seventh grade.

Question 2: Will a Tdap dose given between ages 7 to 10 years satisfy the requirement for entry into seventh grade?

Yes, currently one dose of Tdap in a lifetime is recommended.

Question 3: Can you count a Tdap dose given at a less than five-year interval to meet the requirement for seventh grade?

Yes, the school immunization regulations state that students entering seventh grade will be immunized with the tetanus, diphtheria, and acellular pertussis (Tdap) vaccine if at least five years has elapsed since their last tetanus and diphtheria immunization. Currently, the Advisory Committee on Immunization Practices (ACIP) states that Tdap can be administered regardless of interval since the last tetanus or diphtheria toxoid-containing vaccine.

Question 4: If a student age 7 years and older started the Td series late and received three doses, is the student considered up-to-date?

Yes, the student is considered up-to-date as if they had received four doses of tetanus and diphtheria as required for school attendance and per school regulations. They would not need the last dose until five years after the last Td. Such students are considered to be up-to-date with no further documentation required.

Question 5: Are students over the age of 7 years who have not completed their primary DTaP series considered compliant if they receive three doses of either DTaP/DT/Td with one dose of Tdap after 7 years of age?

Yes.

Question 6: MCV is required for entry into seventh grade. Can MPSV4 be accepted in place of MCV4?

Yes, for persons 11-18 years, a dose of MPSV4 (if given instead of MCV4) does count.

Question 7: Where do we count the student who had the varicella disease (chickenpox) and one dose of vaccine?

The column labeled "Varicella had disease" is for a student who had chickenpox disease either naturally or as a breakthrough disease from vaccine. The next column "Varicella two doses" is for the student who had two doses of varicella vaccine. In this case, the child would be counted in the "Varicella had disease" column.

Question 8: What if a child had one dose of varicella vaccine and the medical provider indicates the child had shingles?

The child would be immune and would not need an additional dose of varicella. He/she would be marked in the box labeled "Varicella had disease," because at some point in time, this child had a case of chickenpox in order to be diagnosed with shingles.

Question 9: If a child has one MMR vaccine and one measles vaccine, should the child be counted under the MMR 2 doses column?

No, he/she would be considered provisional, since they have not received the second required mumps dose. The student would need two MMR doses to be considered in compliance.

Question 10: What immunizations titers are not acceptable?

We do not accept titers for tetanus, diphtheria, polio, and mumps.

**Instructions for Annual School Immunization Law Report
(Reference and Screen Shots 2015-2016)**

Question 11: Johnnie is in kindergarten and has the following immunizations: four doses of DTaP, three doses of polio, two doses of MMR, and two doses of Varicella but only two doses of hepatitis B. How should I record this on the SILR?

You should count him up-to-date under DTaP, Polio, MMR, and Varicella, BUT he will not be counted up-to-date under HepB. He will also be counted under (Column E) as provisional, since he does not have his last HepB immunization. A student can be counted as compliant for any immunization if he/she is up-to-date AND can also be counted as provisional if he/she does not have all the required doses listed for all the antigens.

Question 12: If a student has an exemption listed and is up-to-date on some of the antigens, should those antigens be counted in the SILR?

Yes, only count up-to-date antigens the student has received, along with the appropriate exemption.

Question 13: If a child has all doses specified of a certain antigen, BUT one of the doses was administered more than four days before the recommended interval, would they still be considered up-to-date?

No, the immunizations must be given at the recommended minimum interval to be counted as up-to-date. This child would be counted in the provisional column (Column E), because of the improper spacing.

**Instructions for Annual School Immunization Law Report
(Reference and Screen Shots 2015-2016)**

SILR Training Examples:

1

Eighty students are enrolled in kindergarten. Zeroes are indicated for all exemptions and provisional status. The least number of students that are up-to-date on a specific antigen is 37 (hepB and Varicella). Therefore, Eighty total students minus 37 equals 43 students that are not accounted for. These students should be counted in the exemption* or provisional category.

The lowest covered antigen plus total exemptions plus provisional students cannot be less than the total enrollment.

2

Forty-five students are enrolled in seventh grade. Zeroes are indicated for all exemptions and provisional status. The least number of students that are up-to-date on a specific antigen is nine for MCV. Therefore, 45 total students minus nine equal 36 students that are not accounted for. These students should be counted in the exemption* or provisional category.

The lowest covered antigen plus total exemptions plus provisional students cannot be less than the total enrollment.

3

Fifty students are enrolled in kindergarten. All are up-to-date with all required antigens except two students. These two students should be counted in the provisional category, unless the parent or guardian has signed a Certificate of Immunization Card Statement of Exemption to Immunization Law.

* A signed Certificate of Immunization Card (green and white card) with a signed Statement of Exemption to Immunization Law.
