

# The Keystone 10 Initiative

## Expedited application for facilities already designated as Baby-Friendly®

The Baby-Friendly® Hospital Initiative (BFHI) encourages and recognizes hospitals and birthing centers that offer an optimal level of care for infant feeding and quality in all aspects of their maternity care operations. Baby-Friendly® hospitals give all families the information, confidence, and skills necessary to successfully initiate and continue breastfeeding their infants or feeding formula safely.

Keystone 10 recognizes that becoming a Baby-Friendly® facility is a comprehensive, detailed, and thorough journey toward excellence in providing evidence-based, maternity care with the goal of achieving optimal infant feeding outcomes and family bonding. Pennsylvania would like to acknowledge your facility with designation under the Keystone 10 program. Please fill out the application below and refer to the application instructions page for submission guidance.

**Birth facility name:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**City, Zip:** \_\_\_\_\_

**Name of the person completing this application:** \_\_\_\_\_
