

## MAKING IT EASIER TO GET VACCINATED AND ADVANCING EQUITY

**Free child care for individuals getting vaccinated:** Four of the nation's largest child care providers will offer free child care to all parents and caregivers getting vaccinated or recovering from vaccination from now until July 4th. KinderCare and Learning Care Group locations across the country will offer free, drop-in appointments to any parent or caregiver who needs support to get vaccinated or recover from vaccination, and more than 500 YMCAs in nearly every state will offer drop-in care during vaccination appointments. Bright Horizons will also provide free child care to support the vaccination of over 10 million workers employed at participating organizations. The vaccine is free for everyone, however, many unvaccinated Americans report concern about the potential ripple expenses of getting vaccinated, such as having to pay for child care.

The U.S. Department of Health and Human Services is also issuing new guidance that encourages states to use child care funding from the American Rescue Plan to provide financial incentives to neighborhood- and home-based child care providers who join the President's call to action and support their communities in getting vaccinated. Visit [www.Vaccines.gov/incentives.html](http://www.Vaccines.gov/incentives.html) to learn more.

State-by-state coverage of free child care for individuals getting vaccinated (*there may be more YMCAs offering drop-in child care during vaccination appointments than those listed below*):
