CORONAVIRUS (COVID-19)  
RETURNING TRAVELER INFORMATION

HOW IS IT SPREAD?

- close contact with people who are sick
- symptoms may show up 2-14 days later
- no vaccine is available

WHAT ARE THE SYMPTOMS?

- fever
- cough
- shortness of breath

GUIDANCE FOR TRAVELERS

Travelers from mainland China who have returned to the United States after being in China within the last 14 days are advised to (at minimum) self-monitor for fever, cough and shortness of breath and stay home avoiding group settings including work and school.

Travelers from Hubei Province, who have returned to the United States after being in China within the last 14 days are advised to stay home and avoid contact with others and contact 1-877-PA-HEALTH (1-877-724-3258).

Travelers who develop symptoms should avoid contact with others and contact 1-877-PA-HEALTH (1-877-724-3258) to discuss their symptoms and recent travel history.

People should not be excluded from activities based on their race or country of origin. This guidance is based only on a person’s travel history.

PREVENTION

For more information and updates, visit: health.pa.gov

- wash hands with soap and water for 20 seconds
- don’t touch face with unwashed hands
- avoid contact with sick people

IF YOU ARE SICK

- stay at home
- cover nose and mouth when sneezing
- wear a surgical mask
- avoid contact with others
- keep objects and surfaces clean
