General Updates

FYI: We are using #EventHashtag for updates on the spread of **(Infectious Disease)**. We encourage everyone to do the same.

What is **(Infectious Disease)**? For more information go to bit.ly/addurl

The next update on #EventHashtag from **(PA DOH/governor)** will be at **XXX time/day**. Watch it here bit.ly/addurl

Stay up to date on information about #EventHashtag on local TV news stations, radio stations, and trusted social media pages.

Remember to also follow PA DOH on Facebook and Instagram for more info #EventHashtag **<link to Facebook page, Instagram username>**

Only use 911 in emergencies. Use **XXX** for other requests #EventHashtag

Follow **@(Insert DOH Twitter handle)** for updates on #EventHashtag

Tweet your #EventHashtag questions in to **@(Insert DOH Twitter handle)** and we will do our best to answer them.

Watch the latest **(insert time)** press briefing on **(Infectious Disease)** from (PA DOH/Governor). The next update on **(Infectious Disease)** will take place at **(insert date/time)**, so keep checking back for the latest information

Link: addurl.gov

Image: Include photo from press conference

Have a Twitter account? If so, follow **@(insert DOH Twitter name)** for updates on the spread of **(Infectious Disease)** and what you can do to keep you and your family safe.

Link: PA DOH Twitter page

Image: Use PA DOH Twitter image

Ask us your questions about **(infectious Disease)** by commenting on this post and we'll do our best to answer them.

Link: addurl.gov

Image: Include photo from press conference

Stay up to date on information about **(infectious Disease)** by watching local TV news stations, radio stations, and trusted social media pages

Link: addurl.gov

<World map of outbreak>

Follow (insert Twitter handles of appropriate federal/state/local officials) for more important updates about **(Infectious Disease)**. #EventHashtag

Text “Follow **@(insert DOH Twitter handle)** to 40404 to receive updates via text message #EventHashtag

(*If power is out, could link to YouTube video/website of local news station/PA DOH website with summary of key points from press conference)

(*Tweet key messages from press conference)

If you are using a message that references your agency specifically, personalize the message using “We” instead of the generic “Public Health Officials”

Be sure to provide messages detailing the specific steps that your agency and your partners are taking to further investigate the incident.
