

The Medical Marijuana Assistance Program (MMAP)

- **What is MMAP?**
 - With the passage of Act 16 of 2016, The Medical Marijuana Program Fund was created as a special fund in the State Treasury. The Office of Medical Marijuana was tasked with assisting patients by using an allotted percentage of this fund to establish:
 - A program to assist with the cost of providing medical marijuana to patients who demonstrate financial hardship or need.
 - A program to assist patients and caregivers with the cost associated with the waiver or reduction of fees for identification cards.
 - A program to provide for the cost of background checks for caregivers.
[35 P.S. Section 10231.902](#)
 - The Office of Medical Marijuana has been providing patient assistance since December of 2017, and with the passage of Act 44 of 2021 we are poised to expand the Pennsylvania MMAP in a significant manner.
- **How is the Office of Medical Marijuana currently offering financial assistance to patients and caregivers?**
 - The following measures have been in place since December of 2017:
 - Patients and caregivers who are registered with an existing Commonwealth financial hardship program are provided a 50% discount on their annual identification card fee, and
 - 65% of background check fees for eligible caregivers are covered.
- **How is MMAP expanding?**
 - The MMAP is expanding by eliminating the annual card fee for eligible participants, eliminating all background check fees for eligible caregivers and assisting eligible patients with the purchase of medical marijuana from Pennsylvania dispensaries.
- **How will the MMAP work?**
 - To expedite assistance, we are rolling out the expansion of MMAP in three phases:
 - Phase 1 will eliminate annual identification card fees for eligible patients and caregivers registered with an existing Commonwealth financial hardship program.
 - Phase 2 will eliminate all background check fees for eligible caregivers.
 - Phase 3 will distribute a to-be-determined benefit amount per funding period per eligible patient.
- **Who is eligible to participate in the MMAP?**
 - MMAP eligibility for the identification card fee and monthly assistance will be determined by registration in an existing Commonwealth financial hardship program.
 - *The Department of Health may waive or reduce the fee for an identification card application or an identification card renewal application for an applicant who demonstrates financial hardship..the Department has determined that an applicant may demonstrate financial hardship by verifying, subject to the penalties of perjury, that the applicant is currently participating in one or more of the following programs:
 - Children's Health Insurance Program (CHIP)
 - Medicaid
 - Programs of All-Inclusive Care for the Elderly (PACE)
 - PACE Needs Enhancement Tier (PACENET)
 - Supplemental Nutrition Assistance Program (SNAP)
 - Women, Infants and Children (WIC)
 - *PA Bulletin: [\[49 Pa.B. 343\]](#) - 28 Pa. Code § 1191.26(d)
 - Eligible caregivers will have all background check fees eliminated.
- **What monthly assistance will I receive if I am eligible for the MMAP?**
 - MMAP funds available to each eligible patient will be based on the total dollars allotted to the program through a funding formula established in Act 16 of 2016.
- **Are there restrictions on the products I can buy with MMAP assistance?**
 - Your MMAP balance can be applied to any medical marijuana product from Pennsylvania dispensaries.
 - Non-medical products such as devices and accessories cannot be purchased with MMAP funds.
- **When will the expansion of MMAP start?**
 - Phase 1 and Phase 2 will be implemented on March 1, 2022
 - Phase 3 implementation is in process as we design the infrastructure and support system that MMAP requires to be successful.
