

Pennsylvania Pregnancy Risk Assessment Monitoring System (PA PRAMS) Data Request Process

Questions 1: Are you requesting aggregate PA PRAMS data?

If **YES**, please fill out the “Pennsylvania PRAMS Aggregate Data Request Form” and submit to the PA PRAMS Coordinator at paprams@pa.gov. Requestors should complete the form to the best of their ability. Questions on how to complete the form should be submitted to the PA PRAMS Coordinator. After the form is submitted, the PA PRAMS Coordinator will work with the requestor to clarify any points of confusion and finalize the request. The date the request is finalized will be noted on the form and signed by the PA PRAMS Coordinator. Both parties will retain copies of the completed form. Any revisions to the data request after the “request finalized” date must be made via email. This includes changes to how the requestor plans to use the data. Data requests will be completed in the order in which they are received. Please allow 3-4 weeks to process your request.

If no further information is needed, the PA PRAMS Coordinator will instruct the requestor to submit the completed application to the Bureau of Health Statistics and Registries (BHSR) at RA-DHPROTECTEDDATA@pa.gov with a CC to the PA PRAMS Coordinator. The Application for Access to Protected Data will be reviewed and processed by BHSR. All correspondence between BHSR and the requestor shall be CC'd to the PA PRAMS Coordinator.
