SCHOOL HEALTH
ANNUAL REIMBURSEMENT REQUEST SYSTEM
(SHARRS)
INSTRUCTION MANUAL
PREFACE

This Instruction Manual is also available on the Division of School Health (DSH) website at:
www.health.state.pa.us/schoolhealth

Select the School Health Annual Reimbursement Request System (SHARRS) link

It is not recommended these instructions be printed out as they are updated as necessary

Public school entities (school districts, charter schools, cyber charter schools and comprehensive career and technology centers) are required to annually submit a Request for Reimbursement and Report of School Health Services to the Department of Health (DOH), Division of School Health (DSH). This Instruction Manual has been prepared to assist administrators, business managers and school health program personnel in its completion. The purpose of this report is twofold:

1) To provide a mechanism for school entities to document the provision of, and receive reimbursement for, health services as provided for in Article XIII Section 1303a (Immunizations), Article XIV (Health Services), and Article XXV Section 2502.1 (Reimbursement by Commonwealth and Between School Districts) of the Pennsylvania Public School Code of 1949 http://www.legis.state.pa.us/WU01/LI/LI/US/HTM/1949/0/0014..HTM and Title 28 Chapter 23 (School Health) of The Pennsylvania Code http://www.pacode.com/secure/data/028/chapter23/chap23toc.html

2) To obtain information about Pennsylvania’s school health programs, including student health status, dental and medical health service utilization and selected nursing activity

The report is due within three months (September 30) after the end of the school year to apply for reimbursement and is submitted via the on-line application School Health Annual Reimbursement Request System (SHARRS). SHARRS provides aggregate reports of dental and medical school health information, expenditures, and data relative to the provision of the school health program in all buildings served by the public school entity during the school year. This includes school health services provided to non-public or private schools, part-time career and technical centers, alternative education programs, home schooled students

Reimbursement to school entities is based on 1) the actual cost of health services less any charges deemed unreasonable by the Department of Health, 2) the average daily membership (ADM) of the school entity and 3) reimbursement amounts established by law

Data obtained from this report are utilized by schools, state agencies and other organizations and individuals in monitoring and analyzing health status indicators and service needs of Pennsylvania’s students
Preface

Chapter 1 – SHARRS Login Page
   Request New User Account
   Forgot/Reset Password
   Forgot User Name
   Absence of Both the Superintendent/CEO and the UAM Users

Chapter 8 – Certified School Nurses Page

Chapter 9 – Supplemental Staff Page

Chapter 10 – Other Health Professionals Page

Chapter 11 – Dental Services Page

Chapter 12 – Health Services Page

Chapter 13 – Chronic Conditions Page

Chapter 14 – School Injuries Page

Chapter 15 – Medication Administration Page

Chapter 16 – Review, Certify & Submit Page
Chapter 1: SHARRS Login Page

SHARRS is accessed on the internet at the following link: https://apps.health.pa.gov/SHARRS/

User names and passwords from the previous version of SHARRS are invalid. All school personnel who require access to SHARRS MUST request a new user account by following the “Request New User Account” instructions.

Users are locked out of SHARRS after 5 failed login attempts.

The school’s User Account Manager (UAM) is the only staff person able to unlock an account.

The Superintendent/CEO chooses the staff to be assigned the UAM function.

Contact the Superintendent/CEO office to find out who is the school’s UAM.

Request New User Account

On the Left Navigation Column, select “Request New User Account” and complete all fields on the form.

School Entity Name: Select the user’s school entity from the drop down menu.

First Name:
Last Name:
Title: Select the user’s title from the drop down menu
  - Business Manager
  - Certified School Nurse
  - School Dental Hygienist
  - Superintendent/CEO (must be the current Superintendent/CEO)
  - Support Staff
  - Other

Phone Number: Enter a 10 digit school entity phone number.

Phone Ext (Extension), if applicable:

Email: Enter an official school entity email address.
  - Home/private email addresses are discouraged.
  - SHARRS generated messages will be sent to this email address.

Confirm Email:

User Name: Create a 1-10 character user name that is easily remembered.
  - The user name is NOT case sensitive.
  - The user name is unique to SHARRS.
  - Once created the User Name cannot be changed or used by any other user in SHARRS, including other school entities.

Password: Create a 8-15 character password that is easily remembered.
  - The password IS case sensitive.
  - Must contain three (3) of the following: Lowercase, Uppercase, Numbers, Special Characters such as !@#$%
  - May not contain: First Name, Last Name or User Name
  - May not be one of the previously used ten (10) passwords.

Confirm Password:

Security Questions 1-3:
  - Select 3 different questions from the drop down menu.

Security Answers 1-3:
  - The answers are NOT case sensitive.
  - Keep the answers in a secure location, as they cannot be recovered if lost (but can be changed by a user).

When all fields are complete select the “Click for Approval by Your School” button to send the request for approval by the school’s User Account Manager (UAM).

A message at the top of the screen confirms the request was sent for approval.

Upon approval the user will receive a system-generated email.

Select “Cancel” to delete the contents of ALL fields.

If “Return to Login Page” button is selected before the “Click for Approval by Your School” button is selected the information is deleted and the request is not sent.
Forgot/Reset Password
On the Left Navigation Column, select “Forgot/Reset Password” to open the “Recover User Credentials” page
Enter the “User Name” and “Email Address”; select “Next”
Select one “Authentication Method” by selecting either “Email authentication” or “Answer security questions” then select “Next”
When “Email authentication” is selected, a message at the top of the screen states that a temporary password has been sent to the user’s email address. If this email is not received it may have been routed to the user’s spam folder. If it is not in the spam folder the user must contact the UAM or Superintendent/CEO
Retrieve the emailed password and return to the “SHARRS Login Page”
Enter the user name and temporary password and select “Submit” (It is helpful to “copy and paste” the password from the email)
The user will be prompted to create a new password
Create a new password and select “Change Password”. The user will automatically be returned to the “SHARRS Login Page” and a message at the top of the page will say “Your password has been reset”
Enter the User Name and the new password and select the “Submit” button to access the SHARRS main menu

When “Answer security questions” is selected, provide the answers to the two security questions displayed and select “Next”
Create a new password and select “Change Password”. The user will automatically be returned to the “SHARRS Login Page” and a message at the top of the page will say “Your password has been reset”
Enter the User Name and the new password and select the “Submit” button to access the SHARRS main menu

Forgot User Name
On the Left Navigation Column, select “Forgot User Name” to open “Recover User Credentials”
Enter the user’s email address and select “Next”
A message at the top of screen is displayed which confirms a system-generated email with the recovered User Name was sent to the email address. If this email is not received it may have been routed to the user’s spam folder. If it is not in the spam folder the user must contact the UAM or Superintendent/CEO

Absence of Both the Superintendent/CEO and the UAM Users
When the Superintendent/CEO who was also the User Account Manager (UAM) is no longer at the school entity or when both the former Superintendent/CEO and the UAM are no longer at the school entity:

The new or acting Superintendent/CEO follows the instructions in “Request New User Account”
School administration must send an email using an official school email address to the Division of School Health (DSH) at c-paschool@pa.gov with the name of the school entity and the name of the new or acting Superintendent/CEO
DSH will approve the New User account and assign the Superintendent/CEO all user functions including the UAM function.
When approved, a system-generated email will be sent to the Superintendent/CEO to confirm the approval. If this email is not received within two business days, the email may have been routed to the Superintendent/CEO’s spam folder
To assign a new UAM the Superintendent/CEO follows the instructions in “Assign User Account Manager (UAM)”
Chapter 2: Assign User Account Manager (UAM)

Reminder: Information entered but not saved or submitted will be lost

Only the **Superintendent/CEO** has access to the “Assign User Account Manager (UAM)” page and the authority to assign the UAM, to unlock the UAM’s account, and to reset the UAM’s password.

This page displays information on the current UAM and/or the proposed UAM as well as a summary grid of the school’s active users. The name of the current UAM is located above the grid; a “**Reset Password**” button and an “**Unlock Account**” button, visible only when the UAM’s account is locked, are located to the right of the name.

**Role of the UAM**

The UAM manages the SHARRS user accounts, approves new school users, assigns user functions, views/edits/unlocks user accounts, resets user passwords, and assists the school entity’s SHARRS users. Only one UAM may be assigned per school entity.

**Assign a new UAM**

After logging in to SHARRS select “**Assign/Manage UAM**” on the Left Navigation Column of the Main Menu page.

- Review the grid of school users to locate the name of the proposed UAM. If the proposed UAM is not listed they may be the current UAM (displayed above the grid) or the user did not request a new user account.
- The Superintendent/CEO may choose to retain the UAM functions but it is not recommended.
- All school users with “Active” or “Pending user “Status” are listed on the grid. To review a user profile select “**View**”; select “**Hide**” to close the user’s profile.

Only users with the “**Select**” option may be assigned as the new UAM.

Select “**Select**” to assign a school user as the new UAM.

- The name of the selected school user and the date of the request are displayed next to “**Requested UAM**”; the “Select” options are automatically removed from other school users; and confirmation of a system-generated email appears at the top of the screen.
- Select “**Cancel Request**” if the wrong user was selected, confirmation of the cancellation appears at the top of the screen.

The Division of School Health (DSH) activates or denies the UAM request.

- When the “Requested UAM” is activated by DSH a system-generated email is sent to the new UAM and the Superintendent/CEO confirming the activation.
- On the “Assign User Account Manager (UAM)” page, the name of the “Requested UAM” is removed from the summary grid and listed as the “Current UAM”.
- On the current UAM’s “User Profile”, a checkmark is automatically inserted to designate the “UAM” function.
- The UAM may edit their own “User Profile” to assign additional functions as needed.
- If the “Current UAM” was a school user with a “Pending” status, the activation process changes the status to “Active”.

When the “Requested UAM” is denied by DSH a system-generated email is sent to the “Requested UAM” and the Superintendent/CEO confirming the denial.

**Reset the UAM’s Password**

When the UAM is not able to access SHARRS to change their own password, the Superintendent/CEO must reset the password by selecting “**Assign/Manage UAM**” on the Left Navigation Column of the Main Menu. Then select the “**Reset Password**” button, located next to the name of the current UAM, to send a system-generated email with a temporary password to the UAM.

When the Superintendent/CEO also functions as the UAM and cannot access their account to change their own password, the DSH must be notified to reset the password.

Unlock the UAM’s Account
Only the Superintendent/CEO has access to unlock the UAM’s account
To unlock the UAM’s account the Superintendent/CEO selects “Assign/Manage UAM” on the Left Navigation Column of the Main

Select the “Unlock Account” button, located next to “Reset Password” button adjacent to the name of the current UAM. After the account is unlocked, the UAM may login into SHARRS with the same password used before being locked out or have the password reset as described above

When the Superintendent/CEO also functions as the UAM and is locked out of their account, only DSH can unlock the account

SHARRS will automatically generate an email to DSH to unlock the account. Once unlocked, a system-generated email will inform the Superintendent/CEO/UAM the account was unlocked
Chapter 3: User Accounts

Reminder: Information entered but not saved or submitted will be lost

When “User Accounts” is selected from the Left Navigation Column, the “User Account – School User” page opens for all users except the User Account Manager (UAM). (The “User Account Summary - UAM” page opens for the UAM)

“User Account – School User” displays the logged-in user’s SHARRS “User Profile” with the option to view/change security questions/answers and password. All users have one SHARRS “User Name” but may be assigned multiple “User Functions”

“User Account - UAM” opens the “User Account Summary - UAM” displays a grid of all the school users. When the UAM selects a specific user, the “User Account Detail - UAM” displays the user’s profile

User Account – School User

User Profile
The “User Profile” is populated with the information entered on the “Request New User Account“ and the assigned “User Function(s)“

The user may update only the following fields:
First Name
Last Name
Phone Number
Email
Password
Security Questions/Answers
To change the password, select the “Change Password” button. Enter a new password and confirm.
Select the “Cancel Password Change” button to remove the change
To change the security questions/answers, select new question(s) from the drop down menu and provide the corresponding answers

If no changes have been made, select “Return/Cancel” to return to the “Main Menu”. The Left Navigation Column may also be used to navigate to other pages

If changes have been made select “Save” and “Account has been updated” will appear at the top of the screen

Only the UAM may update the following fields for a user:
Title
User Function(s)

Contact the UAM for issues/assistance with resetting the password or unlocking the account

User Account - UAM
User Account Summary – UAM

Reminder: Information entered but not saved or submitted will be lost

Only the User Account Manager (UAM) has access to the User Account Summary - UAM page and the authority to manage all the school’s user accounts. By selecting a user, the UAM may view the user’s profile, edit the user’s profile (excluding the school entity name, email and user name), assign or change “User Functions”, unlock user accounts, reset passwords, approve new users and inactivate former users.
The UAM selects "User Accounts" from the Left Navigation Column to open the "User Account Summary - UAM" page, displaying a grid of all the school users.

**User Search Criteria – Summary Grid**
The "default" summary grid is set to display the user accounts by "All" User Functions, "All" User Titles, and "Active & Pending" User Status.

The summary grid may be sorted to display the user accounts by selecting any or all three of the "User Function", "User Title" and/or "User Status" criteria from the dropdown menus and select "Submit".

To clear previous search criteria and return to the default settings, select "Clear Search Criteria".

When the UAM selects "edit" for a specific user from the summary page, the "User Account Detail - UAM" page opens and displays the "User Profile" for the selected user.

**User Account Detail – UAM**
Only the UAM has access to this page and the authority to manage the school’s user accounts.

**Approve a Pending “Request New User Account”**
All new users must complete the “Request New User Account” request. When the new user selects "Click for Approval by Your School", a system-generated email is sent to the UAM, and the new user’s request appears as a “Pending” user on the “User Account Summary - UAM” page.

Locate the name of the “Pending” new school user to be activated; select "Edit" to display the “User Account Detail – UAM” page with the "User Profile”

**Assign “User Function(s)”**: Prior to activating a new user account, the UAM must know, from administration, the “User Functions” to be assigned.

To assign a function select the checkbox next to the “User Function(s)”. At least one “User Function” must be assigned to every user:
- **Data Entry Annual Report/Revisions**: enables user to enter data into the SHARRS report
- **Review, Certify & Submit Annual Report/Revisions**: enables the Superintendent/CEO to submit the report. This function is automatically assigned to the Superintendent/CEO.
- **User Account Manager (UAM)**: enables the user to activate, edit and manage user accounts
- **View/Print Reports**: enables user to view/print copies of reports
- **View/Print Vouchers**: enables user to view/print the payment voucher

**Assign Status**: Only one Superintendent/CEO per school entity may be “Active” at any time. The account of the former Superintendent/CEO must be inactivated before a new Superintendent/CEO can be activated.

**Activate:**
To activate a user select “Active” from the dropdown menu. Select the "Save" button. "Account has been updated. Activation notice emailed to user” is displayed at the top of the screen. The email includes the user name and password and recommends the user review the “Instructions” throughout SHARRS and to contact the UAM with questions.
If "Save" is not selected, the user will not be activated and information will not be updated.

**Inactivate:**
To inactivate a user select “Inactive” from the dropdown menu. Select the "Save" button. "Account has been updated” is displayed at the top of the screen. If “Save” is not selected, the user will not be inactivated. This user’s information is retained in the summary grid in the User Status in the inactive drop down menu and can be reactivated in the future.
If "Save" is not selected, the user will not be inactivated and information will not be updated.
To return to the “User Account Summary” page, select “Return/Cancel” or choose an option from the Left Navigation Column.

**Reject a Pending “Request New User Account”**: 
Locate the name of the “Pending” new school user to be rejected; select “Edit” to display the “User Account Detail – UAM” page with the “User Profile”.
Assign “Status”:
Select “Rejected” from the dropdown menu.
Select the “Save” button.
A “Reject User Confirmation” pop-up appears with the message “WARNING by rejecting the user’s account, their information will be removed from SHARRS.”
Select “Confirm” to confirm the rejection.
If the request is rejected, a system-generated email is sent to the UAM (not the person who requested the user account) confirming the rejection. The rejected “User Profile” is deleted; the system returns to the “User Account Summary.”
Select “Cancel” to cancel the rejection and return to the “User Profile.”

**View Status History**: is only visible to the UAM;
Select “View Status History” to view a grid of the selected user’s “Status”, “Status Start Date” and “Status End Date.”
Select “Hide Status History” to close the grid.

**Cancel**: 
When no changes have been entered, select “Cancel” to return to the “User Account Summary – UAM” page. The Left Navigation Column may also be used to navigate to other pages.

**Reset a School User’s Password**: 
Select the “Reset Password” button. A system-generated email with a temporary password is sent to the user.
The user logs in using the temporary password and follows the instructions to create a new password.

**Unlock a School User’s Account**: 
Select the “Unlock Account” button located next to the “Reset Password” button.
The “Unlock Account” button is only visible when the user’s account is locked.
The UAM should notify the user that the account is unlocked.
The user may then log into SHARRS using their current password.
Chapter 4 – Initiate a New SHARRS Report

Reminder: Information entered but not saved or submitted will be lost

SHARRS is accessed at the following internet address: https://apps.health.pa.gov/SHARRS/

To Initiate a New SHARRS Report:
Log into SHARRS using the username and password that was created on the “User Profile” to open the Main Menu page.
Select the school year to be entered from the “School Year” drop down menu or select “Start/Revise/Print” for the appropriate school year located in the far right column of the grid to open the “Report Status Detail” page.

If the “Status” column says:
“School Editing” any school user with the data entry function may edit the report
“Submitted” only the Superintendent/CEO may select “Void Annual Report Submission” to allow users to make edits and it will then need resubmitted
“Under Review” contact the Division of School health (DSH) to gain access to the report
“Approved” the report has been processed and the school may not make any edits. If edits are necessary a revised report must be submitted.

To make a revision see the instructions on the “Review, Certify and Submit” page.

On the “Report Status Detail” page select “Edit” on the far right column of the grid to open the “Demographics” page.

Each page of the SHARRS report is accessed by selecting a tab, located at the top of the screen, which corresponds to a specific SHARRS page.
The pages can be completed in any order except the “Review, Certify & Submit” page which must be completed last and may only be accessed by the Superintendent/CEO.

After review of the report the Superintendent/CEO attests that the report is correct by selecting the button which submits the report to the Division of School Health (DSH). The report may be edited by the school at any time prior to when the Superintendent/CEO submits it and DSH processes it. For more information see the instructions on the “Review, Certify and Submit” page.

Session Timeout:
Each SHARRS session times out in 30 minutes, unless reset. The timer automatically resets during active data entry and upon going to a new page. It does not reset upon opening the instructions. The user may reset the timer anytime by clicking the symbol. Five minutes before the session times out, a popup message alerts the user to the five minute countdown. If the session is not reset before the timer reaches zero, data entered but not saved or submitted will be lost.

Instruction Manual and Button:
A link to the “Instruction Manual” is located on the Left Navigation Column and on the DSH website. There is also a button on the top right corner of each page to view the instructions applicable to that page of the report. Reset the “Session timeout” before opening the “INSTRUCTIONS” and before 30 minutes elapses as the timer continues to count down while the instructions are open.

Save Section and Submit Buttons:
On each page there is a and/or button.
The “Submit” button must be selected on every page when all data on the page is complete. When all the data is correctly entered upon selecting the Submit button a green checkmark (√) will appear on the tab at the top of the page. If there is an error in an entry, an error message will appear at the top of the page indicating what is wrong and the green check mark will not appear on the tab.
The “Save Section:” button is available to use when a page is broken down into several sections allowing a page to be worked on one section at a time. After saving a section a user may move to a different page or section without losing the data in that section.
Chapter 5 - Demographics Page

Reminder: Information entered but not saved or submitted will be lost

The Demographics section of the report captures contact and identifying information about the school entity. The information is used by the Division of School Health (DSH) and the Comptroller’s Office for telephone and email correspondence, which includes; system availability/issues, questions regarding the content of the report, reimbursement payment and other pertinent information. Therefore, it is essential the Demographic Page contain accurate information.

Verify that the automatically prepopulated information is correct:
If there is any incorrect information email the corrections to DSH at c-paschool@pa.gov

School Entity Demographic Information:
The following information is automatically prepopulated into the SHARRS the report yearly:
- School Year
- Health District
- County
- Vendor Number
- AUN (The “Administrative Unit Number” issued by the Department of Education)
- School Entity Name & Address
- Phone and Phone Extension Numbers
- PENN*LINK Email Address
- School Entity Type
  - School District
  - Comprehensive Career and Technology Center (CTC)
  - Charter School or Cyber Charter School
    - Charter Schools must check “Yes” or “No” to the question, “Cyber Charter School?”
- Dental Program (Mandated or Dental Hygiene)
- Modifications:
  - DSH approved grade level modifications to the standard mandated school health services (exams and screens)
  - For information on modification options and requests, refer to:
    - The Public School Code of 1949: Articles 13, 14 and 25
    - The Pennsylvania Code: Title 28 “Health and Safety” Chapter 23 “School Health”
    - The DSH website: www.health.state.pa.us/schoolhealth

Primary Contact Person and Secondary Contact Person Regarding Report:
Enter the demographic information for the Primary and Secondary contact persons who will be the point of contact for questions regarding the contents of the SHARRS report

A Certified School Nurse (CSN) must be listed as one of the contact persons for this report
The demographic information entered on this page must be identical to the information on the contact person’s “User Profile” if they have a “User Account”

Select “Submit” to complete this page. A green check mark (√) will appear on the Demographic tab to indicate the page is complete
The Itemized Expenditures section of the report captures costs for special medical and dental services, medical and dental supplies and equipment, and other related costs to the school health program, while students are under school jurisdiction. Hardcopy documentation should remain on file with the school entity to support claimed expenditures for future auditing purposes.

The term under school jurisdiction includes but is not limited to:
- On the way to and from school while in school furnished transportation
- Class time (including lunch, recess, physical education)
- School sponsored extracurricular activities, field trips and camps
- Non PIAA sports/athletic activities (such as intramural activities)

**01 Special Medical, Diagnostic, and Treatment Services**
Include:
Enter the amount paid by the school and select “Add” for each applicable category
Identify costs according to the following specialist categories (drop-down menu options)

ENT Specialist/Audiologist, such as:
- Deaf/hearing impaired support
- Special hearing examination
- Speech therapy
Occupational/Physical Therapist
Ophthalmologist/Optometrist, such as:
- Special eye examination
Psychiatrist/Psychologist, such as:
- Grief counseling
- Emotional support
- Suicide prevention
Other: The source of other medically necessary specialist services must be specified, such as:
- Ambulance/Emergency Medical Services (EMS)
- Blind Association contracted to perform mandated student vision screenings
- Hearing Loss Association contracted to perform mandated student hearing exams
- Orientation and Mobility Specialist
- Special Office visit such as:
  - Neurologist
  - Dermatologist

**Do Not Include:**
Costs if the specialist is a member of the school staff such as school counselors, behavioral specialist, teachers for the blind or hearing impaired, school physicians, school nurses, health room aids, clerical support staff or private duty and agency nursing/health room staff
Costs related to academic placement or educational instruction
Costs related to athletic/sports examinations or programs
Costs for insurance/malpractice coverage
Costs for salaries or health and other fringe benefits
Services reimbursed by any source, such as, paid by student/family, grants, Medical Assistance, private insurance, etc

**02 Medical Supplies, Equipment, Lab Services, and Educational Materials**
Costs paid for supplies, equipment, lab services, and educational materials used in conjunction with the medical component of the school health program while students are under school jurisdiction

**Do Not Include:**
Costs for the services of school medical or non-medical personnel
Supplies or equipment to support the school athletic programs
Expenses for office equipment or furniture, such as filing cabinets, computer hardware/software/technical support

**02A Administrative Supplies**

Include:
Costs of office supplies to support the medical component of the school health program, such as:
- File folders, Envelopes, Postage, Office supplies
- Professional membership fees, subscriptions, Continuing Education courses and professional insurance paid by the school for school medical staff

**02B General Supplies**

Include:
Costs paid for medical-related supplies to support the medical component of the school health program, such as:
- First aid supplies
- Emergency care supplies and equipment
- Automated External Defibrillators (AEDs), replacement pads or batteries
- Medical waste disposal
- Refrigerator for medical use only
- Stock medications for standing orders

**02C Medical Exam/Health Screening Supplies and Equipment**

Include:
Costs for supplies and equipment used to perform the mandated medical examinations and health screenings, such as:
- Supplies and equipment purchase/recalibration/repair
- Supplies related to pre-employment physical examinations, lab work, etc. for school employees
- Cost for immunization vaccines and supplies for students/employees/volunteers
- Supplies for drug testing when performed by school staff

Do Not Include:
- Costs for supplies to perform lice checks
- Costs for supplies or equipment to support school athletic programs
- Costs for drug testing performed by an outside source
- Costs for school or agency nurses
- Costs of administrative or school staff
- Costs for the school physician or contracted health care provider to perform student or pre-employment examinations

**02D Reference and Educational Materials**

Include:
Costs for reference and educational materials used in conjunction with the medical component of the school health program, such as:
- Books, Pamphlets, Charts, Posters, videos/DVDs, health models
- CPR/first aid/AED training for school medical personnel only

Do Not Include:
- Cost of reference materials to support school athletic programs
- Cost of CPR/first aid/AED training for non-medical/non-dental school staff

**03 Special Dental Preventative, Diagnostic and Treatment Services**

Enter the amount paid by the school and select “Add” for each applicable category
Identify costs according to the following specialist categories (drop-down menu options)
Preventative, such as:
- Application of sealants
- Fluoride treatments
- Other prophylaxis treatments
Diagnostic, such as:
- Dental examination
- X-ray
Treatment, such as:
- Extractions
- Repairs
Restorations
Treat oral diseases

Include:
Fee-for-service costs paid for special dental examinations, evaluations and treatment performed by properly qualified dental specialists to preserve oral health and/or to avert oral health problems; services must be performed for dental reasons and not related to academic placement, athletic programs, etc.
Identify costs according to the following specialist categories (drop-down menu options):
Preventative, such as:
  Application of sealants
  Fluoride treatments
  Other prophylaxis treatments
Diagnostic, such as:
  Dental examination
  X-ray
Treatment, such as:
  Extractions
  Repairs
  Restorations
  Treat oral diseases

Do Not Include:
Services reimbursed by any source, such as, paid by student/family, grants, Medical Assistance, private insurance, etc

04 Dental Supplies, Equipment, Fluoride and Educational Materials
Include:
Costs paid for supplies, equipment, lab services, and educational materials used in conjunction with the dental component of the school health program while students are under school jurisdiction

04A Administrative Supplies
Include:
Costs of office supplies to support the dental component of the school health program, such as:
  File folders, Envelopes, Postage, Office supplies
  Professional membership fees, subscriptions, Continuing Education courses and professional insurance paid by the school for school dental staff

Do Not Include:
Costs for supplies or equipment to support the school athletic programs
Expenses for office equipment or furniture such as:
  Filing cabinets
  Computer hardware/software/technical support

04B Dental Exam/Screening Supplies and Equipment/Fluoride Supplies
Include:
Costs for supplies and equipment used to perform the mandated dental examinations and dental screenings, such as:
  Dental equipment such as dental mirror, gloves and tongue blades
  Equipment purchase/recalibration/repair
  Topical fluoride, fluoride tablets or mouth rinses
  Sealant application materials
  Materials to take impressions for mouth guards for special needs students

04C Reference and Educational Materials
Include:
Costs paid for reference and educational materials used in conjunction with the dental component of school health program, such as:
  Books, Pamphlets, Charts, Posters, Videos/DVDs
  Dental health models
  CPR/first aid/AED training for school dental personnel only

Select “Submit” to complete this page. A green check mark (√) will appear on the Itemized Expenditures tab to indicate the page is complete
The ADM and Cost of Services section captures data on the average daily membership for the school entity. Include all students, for whom the school entity (School District, Charter School, Cyber Charter School, and Career and Technology Center [CTC]) provides or coordinates health related services, including students in private/non-public schools, Intermediate Units (IU), Special Education, Alternative Education and home schooled students.

Include the costs of medical, dental, and certified-supplemental school nurse services for students under school jurisdiction.

The term under school jurisdiction includes but is not limited to:
- On the way to and from school while in school furnished transportation
- Class time (including lunch, recess, physical education)
- School sponsored extracurricular activities, field trips and camps
- Non PIAA sports/athletic activities (such as intramural activities)

01 ADM by Grade:
The ADM for SHARRS is identical to the ADM reported to the Pennsylvania Department of Education (PDE). ADMs are not the enrollment figures.
The ADMs are broken down and reported by each GRADE and separated out by PUBLIC and PRIVATE/NON-PUBLIC STUDENTS.

Report the ADMs to the third decimal point
Enter 0.000 for grades with no ADM; blank fields are not permissible.

To calculate the ADMs:
Divide the total aggregate days’ membership by the number of days in the session. Since days in the session can vary by grade or building, use the actual number of days when school was in session.

For further assistance contact PDE at 717-787-5423. 
http://www.portal.state.pa.us/portal/server.pt/community/financial_data_elements/7672

Report the ADM for students according to one of the three following categories:
- Grades K-12
  Include:
  K4 students when the program is an integral part of the school; when the program is provided/run by the school district or when the school district has contracted to provide nursing services.
  Report alternative education, private/nonpublic, home schooled and part-time CTC students in their appropriate grades.
  Do Not Include:
  K4 programs funded by a separate grant, such as “PreK Counts”, “Headstart” or any program that rents a room from the school.
  Preschool for students less than 4 years of age.
  Students attending full time CTC’s are counted in the CTC’s report not the school district’s report.

- Ungraded Special Education (Intermediate Unit) classes housed within school district buildings

- Other
  The "Other" category is limited to home schooled and alternative education students where a single grade is not assigned by the school.
  An explanation is required in the comment box to describe why a grade level cannot be determined for students listed.

02 Cost of Medical Services:
Costs of medical services associated with the provision of the medical component of the school health program while students are under school jurisdiction.
02A School Physicians:
Include:
Costs paid as fee for service or salary excluding health/other fringe benefits to physicians/group practices, such as
- Payment for the position of school physician
- Payment to the school physician to perform the mandated or pre-employment examinations
- Payment to the school physician to perform an examination that is necessary to develop a medical plan of care

Do Not Include:
- Payments for an Individualized Education Program [IEP] without a medical component
- Payments for sports physicals/examinations or services for athletic teams/Special Olympics

02B Supplemental Staff
Include:
Costs paid excluding health/other fringe benefits to the following staff that assisted or worked under the direction of the certified school nurse:
- **Licensed:** Registered Nurses (RN), Licensed Practical Nurses (LPN), Certified Registered Nurse Practitioner (CRNP), Certified School Nurse (CSN) who were hired as supplemental staff not in the capacity of a CSN
  - Costs paid to long-term licensed medical substitutes who worked more than 10 consecutive days in the school year
  - Costs paid to short-term licensed medical substitutes who worked less than 10 consecutive days in the school year when hired to assist the CSN during special events such as:
    - Vaccination clinics
    - School sponsored activities such as field trips
    - Screenings and examinations

- **Unlicensed Assistive Personnel:** medical assistants, health aides, clerical staff

  Pro-rate the cost of school staff who assisted with both medical and dental services and enter the pro-rated medical costs in this section

Do Not Include:
- Day to day substitutes
- Unlicensed agency staff
  - Costs for additional nursing/agency licensed medical staff hired as supplemental staff to provide individual care, such as:
    - One-on-one care to a student
    - Staff hired to ride the bus with a student with special needs

02C Special Medical, Diagnostic and Treatment Services
Costs paid for special medical examinations, screenings, evaluations and treatment by properly qualified medical specialists are automatically prepopulated from Itemized Expenditures, 01 Special Medical, Diagnostic & Treatment Services

02D Medical Supplies, Equipment, Lab Services and Educational Materials
Costs paid for supplies and equipment used in conjunction with medical examinations and health screenings are automatically prepopulated from Itemized Expenditures, 02 Medical Supplies, Equipment, Lab Services & Educational Materials

03 Cost of Dental Services
Costs of dental services associated with the provision of the dental component of the school health program while students are under school jurisdiction

03A School Dentists
Include:
Costs paid as fee-for-service or salary excluding health/other fringe benefits to dentists/group practices/mobile dentists associated with the provision of the dental component of the school health program

Do Not Include:
- Costs covered/reimbursed by a grant, Medical Assistance, other insurance, etc
- Costs for dental-related services specific to athletic programs/Special Olympics teams
Costs for a dental specialist, the school dentist/mobile dentist/certified dental hygienists to perform special dental services

**03B Dental Hygienists**
**Include:**
Costs paid as fee-for-service or salary excluding health/other fringe benefits to certified dental hygienists in a Dental Hygiene Services Program which has been approved by the Pennsylvania Department of Health

**Do Not Include:**
Costs covered/reimbursed by a grant, Medical Assistance, other insurance, etc. Costs for dental hygienists who are employed by the school dentist’s practice or mobile dentist to assist in school dental examinations

Costs for a dental specialist, the school dentist/mobile dentist/certified dental hygienists to perform special dental services

**03C Dental Assistants**
**Include:**
Costs paid as fee-for-service or salary excluding health/other fringe benefits to school personnel, such as dental assistants, dental clerks, etc. who are assisting the school dentist/mobile dentist and/or dental hygienist

Pro-rate cost of school staff that assisted with both medical and dental services and enter dental costs in this section

**Do Not Include:**
Costs for dental-related services specific to athletic/Special Olympics teams
Costs covered/reimbursed by a grant, Medical Assistance, other insurance, etc.
Costs for Dental Assistants who are employed by the school dentist’s practice or mobile dentist

**03D Special Dental Preventative, Diagnostic and Treatment Services**
Costs paid for specialized dental preventive, diagnostic, and treatment services by properly qualified dental specialists are automatically prepopulated from Itemized Expenditures, 03 Special Dental Preventative, Diagnostic & Treatment Services

**03E Dental Supplies, Equipment, Fluoride and Educational Materials**
Costs paid for supplies and equipment used in conjunction with dental examinations and health screenings are automatically prepopulated from Itemized Expenditures, 04 Dental Supplies, Equipment, Fluoride & Educational Materials

**04 Cost of Certified School Nursing Services**
Costs of salaries excluding health/other fringe benefits paid to Certified School Nurses (CSN) and travel expenses of CSNs associated with the provision of school nursing services.

**04A Certified School Nurses**
**Include:**
Costs paid to CSNs
Cost paid to CSNs on sabbatical or medical leave
Long-term CSN substitutes (worked more than 10 consecutive days during the school year)
A new CSN hired to replace the CSN who has retired or was on sabbatical or medical leave

**Do Not Include:**
Costs paid for day-to-day substitutes

**04B Travel**
**Include:**
Costs paid to certified school nurses for travel directly related to the performance of routine and emergency school health services or on behalf of students, such as:
- Between school and administrative buildings
- To accompany students with special needs, such as field trips
- To the district magistrate
- To accidents on or around school property

**Do Not Include:**
Travel related to conferences, training paid for by the school, sports or athletic events

Select “Submit” to complete this page. A green check mark (✓) will appear on the ADM & Cost of Services tab to indicate the page is complete
The Certified School Nurses Summary is an overview of information entered into the Certified School Nurses Detail section. It identifies the school RNs who are certified by the Pennsylvania Department of Education (PDE) as an “Educational Specialist School Nurse” or are “Emergency Certified” by PDE. In both instances, the RN must have been employed by the school in the position of a Certified School Nurse (CSN). National school nurse certification does not meet the requirement for PDE certification.

The CSN does not need to be physically present in a building daily to manage/carry the student caseload but a CSN must be on duty and must be available to provide the supplemental staff nurse with direction as needed. A CSN is at all times responsible for managing the caseload, including those students with agency or private duty nurses, while students are under school jurisdiction and must rotate through all buildings on a “regular” basis. The CSN must spend enough time in each building to be totally familiar with the students’ health issues, treatments, medications and maintain the health records and plans of care.

A CSN is required to coordinate the healthcare of the student caseload.
The student caseload may not exceed 1,500 students for each CSN.
The student caseload consists of both public and private school for which the CSN provides nursing services.
The acuity level of students should be used to determine the amount of time the CSN needs to be present in the building to manage the student caseload.

A student caseload includes: creating an emergency care plan or medical plans of care, providing medical input for a 504 or IEP with a medical component, administer medications, tend to injuries/illnesses, perform treatments, etc.

The CSN needs more time to manage a caseload that includes students with social, emotional, and/or physical health issues.

A CSN hired as a short-term substitute may not carry a caseload but may cover another CSN’s caseload; the substitute CSN must also be familiar with the students.

Schools may hire supplemental nurses (non-certified RNs, LPNs or unlicensed staff) to assist the CSN. The supplemental/agency/private duty staff may not manage/carry a caseload but may provide daily care of students and assist with completion of mandated screens and exams, as their licensure allows but it is not appropriate to have only a supplemental/agency/private duty nurse assigned to a building without a CSN to carry the caseload.

Per PA Regulation 23.53 The school administrator, in determining the number of pupils to be served by a school nurse, shall consider the number of schools, distance between schools, travel difficulties, and special health needs of the area.

Once entered, the CSN information, excluding license expiration date, will automatically prepopulate both the summary and detail sections in subsequent years from the previous year’s information. Each year the school entity must verify the nurses are still employed in the CSN position, enter the license expiration date and enter any new CSN’s information.

To ADD a CSN, select the “Add Certified School Nurse” button on the summary grid.
To EDIT a CSN’s data, select the “Edit” link on the summary grid.
To DELETE a CSN select the “Delete” link on the summary grid.
To VIEW a GRID of all CSN’s licensure status, credentials, caseload and cycle details select the “CSN Caseload Report” link on the top right corner of the summary section.

If there is NO CSN employed by the school check the “No Data” box located on the bottom right below the grid. Documentation as to why there is no CSN is required in the comment box.

Select "Submit" after all CSN and Building/Caseload data is entered and saved in the detail section.
Certified School Nurses Page
Detail Section

Reminder: Information entered but not saved or submitted will be lost

The Certified School Nurses Detail section captures detailed information on employment/credentials and buildings/caseloads specific to each CSN. Once information is entered and saved on the detail section, it automatically populates the CSN summary page. As well, the supplemental staff building details page section 03 will automatically populate with the names of the CSNs.

If a certified school nurse’s employment ends (terminates, retires, etc.) during the year and another certified school nurse fills the position, report ONLY the certified school nurse who carried the caseload at the end of the year; DO NOT report both certified school nurses. Do not include staff employed by the non-public or private schools, part-time career and technical centers, alternative education programs.

To access the Certified School Nurses Detail section, select either “Add Certified School Nurse” to enter data for a new CSN or “Edit” for a CSN already entered from the grid on the summary page.

**Employment Details**

01 First Name
02 Last Name

Enter the first and last name exactly as it appears on the RN license.

03 Credentials
Pennsylvania RN License Number, including leading letters
Pennsylvania RN License Expiration Date
PDE Certification
Select either CSN or RN, Emergency Certified
For all CSNs enter their 7 digit PPID# (Professional Personnel ID number)
The PPID# can be obtained from the Department of Education at [https://www.perms.ed.state.pa.us/Screens/wfPublicAccess.aspx](https://www.perms.ed.state.pa.us/Screens/wfPublicAccess.aspx)
CPR Certified
Provide the date of expiration of the certification
Select the name of the course taken from the drop-down menu
Only DOH approved courses are acceptable. The list of approved courses can be found on the school health website at [http://www.health.pa.gov/My%20Health/School%20Health/Pages/Quick%20Links/School%20Nurse%20Practice%20Issues/LicensureCertification.aspx](http://www.health.pa.gov/My%20Health/School%20Health/Pages/Quick%20Links/School%20Nurse%20Practice%20Issues/LicensureCertification.aspx)

Credentials in addition to CSN
Indicate Yes or No to the three options listed (CRNP, PA, School Nurse Practitioner)

04 Hours Per Week Worked
Enter the total number of hours per week worked regardless if worked in multiple buildings
If the number of hours varies per week, enter the “average” hours worked per week over the span of the school year.

05 Job Sharing
Select Job Sharing ONLY when two part-time certified school nurses share one full-time position and share the same caseload
This will open the Job Share Details section where the employment details of the second CSN are entered.

Select the “Save Section: Certified School Nurse”
Upon returning to the summary page the summary grid will show the two CSNs sharing the same caseload and building(s).

**Building/Caseload Details**
To access this section select the “Add Building” button on the Building/Caseload Details grid and scroll to the end of the page to input the data as explained in 01-06 below.

Each building/caseload details section is tied to the specific CSN named at the top of the page.
Include the information for all school buildings (public, private/non-public) where the school district provides any services or maintains student health records.

Repeat entering data in 01-06 for each building a CSN is assigned to.

When all buildings are entered for a specific CSN select the “Return to Summary Page” to return the summary grid and select the next CSN and repeat the process for each CSN.

If access to the building detail page is needed after returning to the summary page select “edit” for a specific building on the summary grid or the “Add Building” button to enter a new building.

**01 Assigned School Building**
Enter the name of the school/school building to which the CSN is assigned.
Select Yes or No whether the CSN manages a student caseload.
When “Yes” is selected, complete fields 02-05.
When “No” is selected, fields 02-05 are disabled and two options are displayed.
- Check “School Health Coordinator” when the CSN is hired only for administrative duties.
- Check “Floating” when the CSN floats between buildings and covers the caseload that another CSN manages.
  
  A float assignment requires a description of the assignment in 06 Comments.
  The float status does not show up on the grid on the summary page but does show up on the CSN Caseload Report.

**02 School Type**
Identify the type of school according to the following drop-down menu options:
- Public (School District, Charter, Cyber Charter, CTC-formerly called VoTech)
- Public (School District Cyber ONLY) - School district owned cyber school
- Private/Non-Public

**03 Days Per Cycle in Building or OTHER Cycle**
The number of days per the school’s cycle that the CSN is assigned to each specific building listed in 01 “Assigned School Building”
A typical cycle could be five, six, or seven days; such as 5/5 (5 out of 5 days), or, 3/6 (3 out of 6 days), 4.5/7 (4.5 out of 7 days) or whatever cycle to school uses.
Do NOT enter 0/0 as a cycle.

**OTHER Cycle:** is checked when the number of hours or days the CSN is scheduled to be present at a specific building is outside of the schools standard “Cycle” schedule, such as 2 hours every other week, 1 day per month, or when the cycle varies from week to week. A description of the “OTHER Cycle” is required in the comment box.

**04 Students Per Building**
The total number of students enrolled in the building from kindergarten through 12th grade, including those in regular classes, intermediate units, alternative education, homeschooled, etc.
Include students in a K4 program only when the program is an integral part of the school (a program housed and managed by the school).

**05 Student Caseload Per CSN**
Enter the number of students in the building that is in the CSN’s caseload.
This is the actual number of students present in the building NOT the ADM.
When more than one CSN is assigned to the same building, identify the number of students in the caseload for each CSN separately (for example, a building with 2500 students: CSN#1 carries 1250 students and CSN#2 carries 1250 students for a total of 2500 students).
In contrast to the job sharing scenario the summary grid will show each CSN with an individual caseload.

**06 Comments**
Enter comments as needed to clarify the information provided.

Select “Save Section: Building/Caseload” button to return to the detail page to enter information for another building in that CSN’s caseload.
When all CSN’s information is entered select the “Return to Summary Page” button to return to the summary page to enter information for another CSN.
Repeat the above steps for each CSN.
Select the "Submit" button when all information is entered in order to receive the green check mark (√) on the Certified School Nurses tab.
Chapter 9 – Supplemental Staff Page  
Summary Section

Reminder: Information entered but not saved or submitted will be lost

The Supplemental Staff Summary page is an overview of information entered into the Supplemental Staff Detail section. It captures information on Staff Assisting the Certified School Nurse (CSN).

Supplemental staff may not manage a student caseload

Include:
- Registered Nurses (RN)
- Licensed Practical Nurses (LPN)
- Certified Registered Nurse Practitioners (CRNP)
- Unlicensed personnel employed by the school district/charter school/comprehensive charter school

Do Not Include:
- Short-term substitutes,
- 1:1 staff
- Licensed staff hired to assist with screenings
- Staff employed by the non-public or private schools, part-time career and technical centers or alternative education programs
- Do not include dental staff in this section

A supplemental staff nurse (RN or LPN) may be hired to work under the CSN’s direction in a public or private school setting
The supplemental staff nurse may provide the day to day school health services, administer medication, and perform treatments as their licensure permits

The CSN does not need to be physically present daily to manage the student caseload but must be available to provide the supplemental staff nurse with direction as needed. A CSN is at all times responsible for managing the caseload, including those students with agency or private duty nurses, while students are under school jurisdiction and must rotate through all buildings on a "regular" basis. The CSN must spend enough time in each building to be totally familiar with the students’ health issues, treatments, medications and maintain the health records

Once entered, the supplemental staff information, excluding license expiration date, will automatically prepopulate both the summary and detail sections in subsequent years from the previous year’s information. The school entity must verify the nurses are still employed in the supplemental staff position and enter the license expiration date or enter the new supplemental staff information each year

To ADD a SUPPLEMENTAL STAFF, select the “Add Supplemental Staff” button on the summary grid
To EDIT a SUPPLEMENTAL STAFF data, select the “Edit” link on the summary grid
To DELETE a SUPPLEMENTAL STAFF select the “Delete” link on the summary grid
To VIEW a GRID of all current Supplemental Staff, select the “Supplemental Staff Coverage Report” link on the top right corner of the summary section

If there is NO SUPPLEMENTAL STAFF employed check the “No Data” box located on the bottom right below the grid. Documentation as to why there is no Supplemental Staff is required in the comment box

Select “Submit” after all Supplemental Staff and Building Details data is entered and saved in order to receive the green check mark on the Supplemental Staff tab
Supplemental Staff Page

Detail Section

The Supplemental Staff Detail section captures detailed information on employment, credentials and buildings assignment of each supplemental staff. Once information is entered and saved on the detail section, it automatically populates the summary page.

If a supplemental staff person’s employment ends (terminates, retires, etc) during the year and another supplemental staff person fills the position, report ONLY the supplemental staff person who was employed at the end of the school year. DO NOT report both.

Supplemental staff assisting with dental services is not captured in the report.

If the school does not employ supplemental staff check “No Data” on the bottom right of the grid

Employment Details

01 First Name
02 Last Name
    Enter the first and last name exactly as it appears on the professional license if applicable
03 Credentials
    From the drop down box select RN, LPN or Unlicensed
    Enter Pennsylvania professional license number, including leading letters and expiration date
    Indicate Yes or No to the three options listed (CRNP, RN or PA)
04 Hours Per Week Worked
    Enter the total number of hours per week worked regardless if worked in multiple buildings
    If the number of hours varies per week, enter the “average” hours worked per week over the span of the school year
    For staff that assists with both medical and dental services pro-rate the time spent on medical services and report those hours only
Select “Save Section: Supplemental Staff”
    This will then enable the “Add Building” button on the Building Details grid

Building Details

To access this section select the “Add Building” button on the Building Details grid and enter the information as described in 01-03 below

01 Assigned School Building
    Enter the name of the school/school building to which the supplemental staff is assigned
    If there is not a permanent bldg assignment then check the “Floating” box
    The 03 CSN Assigned to Students in Building field is then grayed out
    A description of the float assignment is required in the comment box
02 Function
    Check whether the supplemental staff duties include Clerical, Health Care or Both
03 CSN Assigned to Students in Building
    Select the name of the CSN in the “CSN(s) Available” box that the supplemental staff person is assigned to assist. Then select the “Add” button to move the name to the “CSN(s) Selected” box
    Ensure the chosen CSN is listed as a CSN assigned to that building on the CSN Detail page

Select the “Save Section: Building” button to return to the detail page
Repeat these steps for each building a supplemental staff is assigned to
Select the “Return to Summary Page” when all buildings are entered for a supplemental staff

Repeat the above process for each supplemental staff

When all supplemental staff information is entered select the “Return to Summary Page”

Select the “Submit” button when all information is entered in order to receive the green check mark (✓) on the Supplemental Staff tab.
Chapter 10 – Other Health Professionals Page
Summary Section

Reminder: Information entered but not saved or submitted will be lost

The Other Health Professionals Summary page captures the information entered into the Detail page once entered. The Other Health Professionals information, excluding license expiration date, will automatically prepopulate both the summary and detail sections in subsequent years from the previous year’s information. Each year, the school entity must verify the Other Health Professionals are still serving in that position, enter the license expiration date and enter any new Professional’s information.

To ADD an Other Health Professional, select “Add Health Professional” on the summary grid.
To EDIT an Other Health Professional data, select the “Edit” link on the summary grid.
To DELETE an Other Health Professional select the “Delete” link on the summary grid.

If there is No School Physician or No School Dentist employed check the “No Data” box located on the bottom right below the grid. Documentation as to why there is no school physician or no school dentist is required in the comment box.

A Dental Hygiene Services Program (DHSP) is required to have a school dentist of record.

Other Health Professionals
Detail Section

01 First Name:
02 Last Name: Enter the first and last name exactly as it appears on the professional license. If a group practice, enter the name of one dentist who will assume responsibility to ensure dental services are provided to the school.
03 Group Practice Name: (if applicable) Identify the name of the dental group.
04 Title:
   School Physician: ONLY a Pennsylvania licensed MD or DO may serve as the "School Physician". A Certified Registered Nurse Practitioner (CRNP), a Chiropractor, or a Physician Assistant (PA) may not be the school physician; a CRNP or PA may perform the mandated exams.
   School Dentist or Mobile Dentist Group as School Dentist: ONLY a Pennsylvania licensed DDS or DMD may serve as the "School Dentist". A mobile dentist group may serve as the School Dentist when dental services are provided to all students in mandated grades without charging a fee to the student, their insurance/Medicaid or does not receive payment from any source such as a grant or award. A school dentist may examine a student as the school dentist and then refer the student to themselves for further treatment as the student’s family dentist.
   Mobile Dentist Group as Family Dentist: A Mobile Dentist Group arranged by or permitted by the school entity to provide dental services to students and charge a fee of the students, their insurance or receive payment from any other source such as a grant and does not agree to provide services to all students.
   School Dental Hygienist (SDH): All school entities are classified as having a "Mandated" dental program except for entities that received official approval by the Department of Health as a "Dental Hygiene Services Program (DHSP)"

School entities that employ a SDH in a mandated dental program enter their information on this page. A school entity that employs a SDH in an approved "DHSP" program enters their information on the "Dental Hygiene Services Program" detail page.
05 Credentials: Professional License Number, including leading letters and expiration date.
06 Comments: Enter comments as needed to clarify information provided.

Select the “ADD” button to save the other health professional data.

Select “Submit” after all Other Health Professionals Details data is entered and saved in order to receive the green check mark (√) on the Other Health Professionals tab.
Chapter 11 - Dental Services Page
Mandated Dental Program

Reminder: Information entered **but not saved or submitted will be lost**

This page is disabled for Career and Technical Centers (CTC)/Vo-Techs as they are not required to perform dental exams due to no student enrollment in grades K, 1, 3, or 7.

The Mandated Dental Program section will automatically display for all schools that do not have a Dental Hygiene Services Program authorized by the Department of Health.

School entities with a Dental Hygiene Services Program authorized by the Department of Health should refer to the instructions for the Dental Hygiene Services Program.

The Mandated Dental Program captures data on dental examinations performed by a Family Dentist and by a School Dentist for public school students and private/non-public students, respectively.

The “Other Health Professionals” instructions define what constitutes a family or school dentist.

Only exams that are counted in 01 A and 02 A services are reimbursed. The data in 02 B, C and D is collected for statistical purposes only. School incurred costs for Fluoride is claimed on the “Itemized Expenditures” page under section 04 B.

01 Examined by the Family Dentist
A. Grades K, 1, 3, and 7
Enter the number of students in grades K, 1, 3, or 7 who received an exam by their Family Dentist.
Enter the number in the appropriate column for both Public and Private/Non-Public students.

02 Examined by the School Dentist
A. Grades K, 1, 3, and 7
Enter the number of students in grades K, 1, 3, or 7 who received an exam by the School Dentist.
Enter the number in the appropriate column for both Public and Private/Non-Public students.

B. Other Grades
Count any student in any other grade than K, 1, 3, or 7 who received an exam by the school dentist for any reason.
If a student in grades K, 1, 3, or 7 are seen for any reason other than an exam are also included in this count.

C. Referred For Further Evaluation/Treatment
Count any student who received an exam by the school dentist who was then referred for further evaluation/treatment.
A school dentist may refer a student with insurance/Medicaid to themselves for follow up services and serve in the capacity of the student’s family dentist and then bill the student or their insurance.

D. Completed Referrals Reported
Count any student who reported the referral was completed.
A copy of the report is good to have for their health record but is not required.

03 Fluoride Program
A. Fluoride Mouth Rinse Program
B. Fluoride Tablet Program
C. Fluoride Topical Program
Count the students in all grades who received fluoride treatment by any of the three methods of administration.

Select “Submit” after all mandated Dental Program data is entered and saved in order to receive the green check mark (√) on the Dental Services tab.
Reminder: Information entered but not saved or submitted will be lost

This page is disabled for Career and Technical Centers (CTC)/Vo-Tech as they are not required to perform dental exams due to no student enrollment in grades K, 1, 3, or 7

The Dental Hygiene Services Program section will automatically display for all schools that have a Dental Hygiene Services Program (DHSP) authorized by the Department of Health

School entities with a Mandated Dental Program should refer to the instructions for the Mandated Dental Program

The Dental Hygiene Services Program captures data on the school dental hygienists; the Dental Hygiene Services Program plan; dental examinations performed by a Family Dentist and dental screens performed by the school dental hygienist; prophylaxis/preventative treatment and dental health education/activities provided to students. In addition, data is collected for schools with a fluoride and/or sealant program

**School Dental Hygienist Summary**

Once entered, the School Dental Hygienist information, excluding license expiration date, will automatically prepopulate both the summary and detail sections in subsequent years from the previous year's information. The school entity must verify the School Dental Hygienist is still employed and enter the license expiration date or enter the new School Dental Hygienist information each year

To **ADD a School Dental Hygienist**, select the “Add Dental Hygienist” button on the summary grid

To **EDIT School Dental Hygienist** data, select the “Edit” link on the summary grid

To **DELETE a School Dental Hygienist**, select the “Delete” link on the summary grid

**School Dental Hygienist Detail Section**

The School Dental Hygienist Detail section captures detailed information on employment/credentials specific to each School Dental Hygienist. Once entered and saved on the detail section, the information automatically populates the School Dental Hygienist summary grid

01 First Name
02 Last Name
Enter the first and last name exactly as it appears on the Dental Hygienist license

03 Phone and Phone Extn (if applicable)

04 Email and Confirm Email

05 Credentials
  - Pennsylvania Dental Hygiene License Number, including leading letters
  - Pennsylvania Dental Hygiene License Expiration Date
  - PDE (Pennsylvania Department of Education) Certification
    - Select either Certified, Emergency Certified or None
  - Enter the 7 digit PPID# (Professional Personnel ID number)
    - The PPID# can be obtained from the Department of Education at [https://www.perms.ed.state.pa.us/Screens/wfPublicAccess.aspx](https://www.perms.ed.state.pa.us/Screens/wfPublicAccess.aspx)

  Indicate Yes or No to the two options listed
  - Public Health Dental Hygiene Practitioner (PHDHP)
  - Other Licensed Credentials

06 Days Per School Year Worked
Enter the number of day worked during the school year

07 Comments
  - Enter any comments needed to clarify any answers

Select “Save”
Dental Hygiene Services Program (DHSP) Plan Section

The DHSP Plan section captures changes (if applicable) to the DHSP Plan submitted to the Department of Health in May of the prior school year.

1. Answer Yes or No as to whether the DHSP Plan was amended since the authorization was submitted.
2A. Prepopulated from the DHSP. If 2B is answered Yes, field opens allowing the correction.
2B. Answer Yes or No as to whether the number of public schools receiving services has changed since the DHSP was submitted.
3A. Prepopulated from the DHSP. If 3B is answered Yes, field opens allowing the correction.
3B. Answer Yes or No as to whether the number of private/non-public schools receiving services has changed since the DHSP was submitted.

Dental Hygiene Services Provided Section

The Dental Hygiene Services Provided section captures detailed information on the number of students, in public and private/non-public schools combined, who actually received dental hygiene services. The grades identified in the DHSP authorization form will be automatically prepopulated for each category (01A, 02A, 03A and 04A).

01 Exams Family Dentist
   01B. Enter the number of students by grade who received a dental exam by their Family Dentist.

02 Exams/Screens School Dental Provider
   02B. Enter the number of students by grade who received a dental exam/screen by the School Dental Provider.

03 Prophylaxis/Preventative Treatment
   03B. Enter the number of students by grade who received prophylactic/preventative treatment as part of the Dental Hygiene Services Program (scaling, cleaning, polishing, plaque control programs, brush-ins, caries susceptibility testing, etc).

04 Dental Health Education/Activities
   04B. Enter the number of students by grade who received dental health education as part of the Dental Hygiene Services Program (oral hygiene instruction, nutrition education, tobacco use, special dental projects, etc).

Select the Save Section: Dental Hygiene Services Provided.

05 Follow-up Exams/Screens School Dental Provider
   05A. Referred For Further Evaluation/Treatment.
       Count the number of students who received an exam by the school dentist who was then referred for further evaluation/treatment.
   05B. Completed Referrals Reported.
       Count the number of students who reported the referral was completed.

06 Fluoride Program
   Count students in all grades who received fluoride by any of the three following three methods.
      06A. Fluoride Mouth Rinse Program.
      06B. Fluoride Tablet Program.
      06C. Topical Fluoride Program.

07 Sealant Application Program
   Count the students in all grades who received a sealant application by any of the two methods.
      07A. Sealant Application by School Dental Provider.
      07B. Sealant Application coordinated through school entity or DHSP plan but services provided by other than a School Dental Provider.

Select the Save Section: Follow-up, Fluoride and Sealant.

Select "Submit" after all Dental Hygiene Services Program data is entered and saved in order to receive the green check mark (√) on the Dental Services tab.
Reminder: Information entered but not saved or submitted will be lost

The Health Services section of the report captures data on select medical and nursing services to school students and staff/other adults in public and private/non-public schools, respectively, which occurred while under school jurisdiction.

A student is considered under school jurisdiction:
- On the way to and from school while in school furnished transportation
- Class time (including lunch, recess, physical education)
- School sponsored extracurricular activities, field trips and camps
- Non PIAA sports/athletic activities (such as intramural activities)

This report is not intended to collect data on ALL of the duties performed by nursing staff.

Staff/Other Adults Health Services

01 Staff/Other Adult Contacts for Acute/Chronic ILLNESS
Count the number of contacts when staff/other adults required nursing assessment or intervention for an acute or chronic illness.

02 Staff/Other Adult Contacts for Acute/Chronic INJURY
Count the number of contacts when staff/other adults required nursing assessment or intervention for an acute or chronic injury.

03 Staff/Other Adult Emergencies Requiring Activation of Emergency Medical Services (EMS)
Count the number of incidents that required activation of the Emergency Medical Services (EMS) due to staff/other adult illness or injury.
Emergency Medical Services includes ambulance services with basic or advanced life support.

04 Staff/Other Adult Emergencies Requiring Use of an Automated External Defibrillator (AED)
Count the number of incidents that required the use of an AED for a staff/other adult.

Select the Save Section: Staff/Other Adults

Students Health Services

01 Student Contacts for Acute/Chronic ILLNESS
Count the number of contacts when students required nursing assessment or intervention for an acute or chronic illness. For multiple contacts in one day count each contact separately.

02 Student Contacts for Acute/Chronic INJURY
Count the number of contacts when students required nursing assessment or intervention for an acute or chronic injury. For multiple contacts in one day count each contact separately.

03 Students Requiring Skilled Nursing
Count the number of students who required skilled nursing procedures as ordered by a licensed provider or deemed necessary by a CSN. Only count each student once (do not include the student contacts here).

Include:
Procedures, assessments and monitoring ordered by a primary care provider, specialist or deemed necessary by the CSN.
- For example; but not limited to, blood glucose testing, catheterization, concussion status monitoring, blood pressure monitoring, colostomy care, IV medication, tube feedings, ventilator care, pulse oximetry, nebulizer treatments, suctioning, wound care, etc.

04 Students with a Plan of Care (IHP, ECP, 504, IEP with a medical component)
Count the number of students with a medically necessary plan of care. Only count each student once.

05 Students Sent from School for Health Reasons
Count each instance a student was sent home from school for a health reason. Count each instance separately

06 Student Emergencies Requiring Activation of Emergency Medical Services (EMS)
Count the number of incidents that required activation of the Emergency Medical Services (EMS) due to student illness or injury. Students may be counted more than once
Emergency Medical Services includes ambulance services with basic or advanced life support

07 Student Emergencies Requiring Use of an Automated External Defibrillator (AED)
Count the number of incidents that required the use of an AED for a student

Select the Save Section: Student Health Services

Physical Examinations
08 Examined by Family Health Care Provider
A Grades K or 1, 6, & 11
Count the number of students examined by a Pennsylvania licensed family health care provider (i.e. physician, physician assistant, certified registered nurse practitioner) to satisfy the mandated physical examination requirement. Chiropractors may not perform the mandated physical examination
Athletic and Driver's license/permit examinations satisfy the mandate as long as they are not performed by a chiropractor

B Other Grades
Count the number of students examined by the school physician in grades other than the mandated grades

C Referred for Further Evaluation/Treatment
Count the number of students identified in 08 A and 08 B referred by a school health provider for further evaluation and/or treatment

D Completed Referrals Reported
Count the number of students who reported the referral was completed

Select the Save Section: Student Physical Examinations

Health Screens
Include:
All students screened even if a student subsequently transfers out of the school

Do Not Include:
Students who are rescreened
Students who transfer into the school after the screens have been performed and is not screened
Transfer students screened at their previous school are counted in the previous school’s report

10 Vision Screens
Count the number of students in grades K-12 and ungraded screened for vision problems
Screens performed by private health care providers may be accepted as long as they meet the screening components included in the guidelines
Any brand of screening equipment is acceptable as long as they meet the screening components included in the guidelines

A Referred for Further Evaluation/Treatment
Count the number of students referred for further evaluation and/or treatment

B Completed Referrals Reported
Count the number of students who reported the referral was completed

11 Hearing Screens
Count the number of students in grades K, 1, 2, 3, 7, 11 and all ungraded classes screened for hearing problems

A Referred for Further Evaluation/Treatment
Count the number of students referred for further evaluation and/or treatment

**B Completed Referrals Reported**
Count the number of students who reported the referral was completed

**12 Scoliosis Screens**
Count the number of students in grades 6 & 7 who were screened for scoliosis
   - Students who had a 6th grade physical meet this requirement, do not need screened by the nurse and should be included in the count
   - Students currently under the care of a healthcare provider for scoliosis do not need screened and are counted as if the screening was performed

**A Referred for Further Evaluation/Treatment**
Count the number of students referred for further evaluation and/or treatment

**B Completed Referrals Reported**
Count the number of students who reported the referral was completed

**Growth Screens:**
Count the number of students who were weighed, measured, and for whom Body Mass Index (BMI) and BMI-for-Age Percentile was calculated

*Beginning with the 2015-16 school year BMI percentiles will match the CDC percentiles*

**13 Growth Screens—grades K-6**

**14 Growth Screens—grades 7-12**

- **A Underweight – Less Than 5th Percentile***
  - Previously, this category was called “At Risk for Underweight”

- **B Healthy Weight – 5th Percentile to less than 85th Percentile***
  - This category was not required in previous years

- **C Overweight – 85th to Less than 95th Percentile***
  - Previously, this category was called “At Risk for Overweight”

- **D Obese – Equal To or Greater than 95th Percentile***
  - Previously, this category was called “Overweight”

**15 Total Growth Screens**
SHARRS will automatically total and populate this section

Select the **Save Section: Student Health Screens**

Select "Submit" after all Health Exams, Screens and Select Services data is entered and saved in order to receive the green check mark (√) on the Health Services tab
The Chronic Conditions section of the report captures data on the number of students with certain select chronic conditions. If a condition is not one of the 14 conditions listed do not include it in the report.

The count of students with these select chronic conditions must be taken between March 15 and March 30.

This two week timeframe will help minimize the duplicate reporting of students in certain circumstances, such as students who relocate to different buildings within the same school entity, students who relocate to different school entities within the same school year.

**Include:**

Students with a chronic condition that has met at least one of the following 3 criteria:

- A **current active** medical diagnosis made by a *licensed health care provider or medical specialist.
- A medical diagnosis documented in a previous school year plus documentation by a *licensed health care provider, medical specialist, or school health personnel regarding an exacerbation or medical follow-up within the past five (5) years.
- No official medical diagnosis but the student has a medication order for a specific condition prescribed by a *licensed health care provider or medical specialist within the past twelve (12) months.

*A licensed health care provider is defined as a physician, physician assistant, or certified registered nurse practitioner.

Students with multiple unrelated chronic conditions are counted in each respective condition.

**Beginning with the 2015-16 school year Life-Threatening Allergies has been broken out into two categories:**

- Food Related Life-Threatening Allergies
- Other Life-Threatening Allergies (such as Bee stings, Latex)

The Code of Federal Regulations definition:

*Life-threatening adverse event or life-threatening suspected adverse reaction.* An adverse event or suspected adverse reaction is considered "life-threatening" if, in the view of either the investigator or sponsor, its occurrence places the patient or subject at immediate risk of death.

**Do Not Include:**

Students with innocent heart murmurs (05)
Students with a history of febrile seizures (10)
Students with food sensitivities, such as, lactose intolerance or gluten intolerance (11)
Students with sickle cell trait (12)
Students with a condition not listed in the 14 categories

Select "Submit" after all Select Chronic Conditions data is entered in order to receive the green check mark (√) on the Chronic Conditions tab.
The School Injury section of the report captures data on students in public and private/non-public schools, combined, who incurred injuries while under school jurisdiction.

A student is considered under school jurisdiction:
- On the way to and from school while in school furnished transportation
- Class time (including lunch, recess, physical education)
- School sponsored extracurricular activities, field trips and camps
- Non PIAA sports/athletic activities (such as intramural activities)

To be considered a Serious School Injury, the student’s injury must meet at least one of the following criteria:
- Emergency Medical Services (EMS) was activated
- Immediate care by a physician or dentist, such as a family health provider, an emergency room physician or medical/dental specialist;
- The loss of one-half or more days of school

For each serious injury, identify the ONE most relevant option in EACH of the following three categories:

**Nature of Injury:** The specific type of the injury. If a student sustains multiple injuries; include only the primary or most serious injury that is identified by a health care provider or by using nursing judgment.

**Time period:** when the injury occurred

**Location:** where the injury occurred

**Nature of Injury:**

01 **Burn:** An injury caused by exposure to heat, chemicals, or radiation (excluding the eye)

02 **Concussion (Possible):** A concussion or traumatic brain injury (TBI) caused by a bump, blow or jolt to the head that can change the way the brain normally works

03 **Contusion:** An injury that causes a hemorrhage (bruise) on or beneath the skin, but does not break the skin

04 **Cut/Laceration/Puncture:** An open wound, a break in the skin’s surface, in which there is external bleeding, a wound made by tearing or cutting of body tissues, or a deep or narrow wound in the skin and/or underlying organs, such as a stab wound from a nail or knife

05 **Dental Injury:** An injury to the tongue, lips, teeth, and soft tissues of the mouth such as a fractured, chipped, or broken tooth, avulsed (knocked-out) tooth, loosened permanent tooth, intruded (pushed into the gum) tooth, uncontrolled bleeding of the soft tissues, laceration of the tongue or lips

06 **Dislocation (Possible):** An injury to the joint resulting in misalignment of the bone ends so that they are no longer in contact. Include students who exhibit symptoms of a possible dislocation, such as deformity, severe pain, swelling, and the inability of the student to move the injured joint

07 **Eye Injury:** An injury to the eye, eyelids, and surrounding soft tissue. Such as a foreign body in the eye, exposure to heat, chemicals, or radiation, eye avulsion (knocked out), a blow, cut, puncture, or penetrating injury to the eye

08 **Fracture (Possible):** An injury caused by a break or rupture in a bone. Students who exhibit symptoms of a possible fracture, such as deformity, compound fracture (bone protruding through the skin), tenderness, severe pain, swelling, or inability of the student to move the injured bone

09 **Sprain/Strain/Tear (Possible):** An injury to a muscle, tendon, or ligament caused by a sudden or violent twisting of a joint causing the stretching or tearing of tendons or ligaments, a violent contraction or an excessive forcible stretching beyond its normal range of motion

10 **Other:** Any injury not represented by one of the above nine categories that meets at least one of the three criteria for a serious school injury

Select the **Save Section: Nature of Injury**

**Time Period**
Identify the ONE most relevant option in the “time period” category for EACH serious injury counted in the Nature of Injury section.
01 After School: An injury that occurred from the time of the school dismissal bell until the student arrives at home or at a non-school destination, whichever occurs first such as at drop off bus stops, during transit (vehicular or walking), during intramural sports, and after-school sponsored activities.

02 Before School: An injury that occurred from the time the student leaves home until the official start of the school day, such as at pick up bus stops, during transit (vehicular or walking), during intramural sports and before-school sponsored activities.

03 Class Change: An injury that occurred while a student is in transit from one class to the next.

04 Class Time: An injury that occurred during an in school instructional class, homeroom, study hall, driver’s education classes and detention.

05 Field Trip: An injury that occurred at any location while a student is on a school sponsored trip.

06 Lunch Period: An injury that occurred during a student’s lunchtime, on or off campus.

07 Physical Education (P.E.) Class: An injury occurring during a class period for physical education, whether in a gymnasium, on an athletic field, or other outside recreational areas.

08 Recess: An injury occurring during a recess period, whether indoors or outdoors.

09 Science Lab/Family & Consumer Science Class/Technology Education Class: An injury that occurred during a class period for science lab, family and consumer science class, and technology education class.

10 Other: Any injury not represented by one of the above nine categories, such as during emergency evacuations and drills, assembly programs, pep rallies, clubs, and other school sponsored activities.

Select the Save Section: Time Period

Location
Identify the ONE most relevant “location” for EACH serious injury counted in the Nature of Injury section.

01 Athletic Field/Play Field: An injury that occurred on an athletic or practice fields during physical education classes, intramural sports, or other school sponsored activities excluding PIAA sponsored events.

02 Auditorium/Multipurpose Room: An injury that occurred in auditoriums or large multipurpose rooms.

03 Bus Loading Area: An injury that occurred at areas where students board or depart from buses.

04 Cafeteria: An injury that occurred in school cafeterias or dining rooms.

05 Classroom: An injury that occurred in classrooms, including computer labs.

06 Corridor/Hall: An injury that occurred in corridors, halls, catwalks, and other walkways.

07 Field Trip: An injury that occurred during a field trip (day trips and overnight trips).

08 Gymnasium/Pool: An injury that occurred in gymnasiums, locker rooms, pools/deck areas.

09 Playground: An injury that occurred on school playgrounds.

10 Restroom: An injury that occurred in school restrooms or lavatories.

11 School Bus/Public Bus: An injury that occurred on a school owned or contracted vehicle used to transport students, and public buses used by students to go to or from school.

12 Science Lab/Family & Consumer Science Room/Technology Education Room: An injury that occurred in science labs, family and consumer science and technology education classrooms.

13 Sidewalk: An injury that occurred on sidewalks on school property, or sidewalks used by students to go to or from school.

14 Stairs/Ramp/Elevator: An injury that occurred on stairs, ramps, elevators, escalators and lifts.

15 Street/Driveway/Parking: An injury that occurred on streets used by students to go to or from school, and driveways and parking lots on school property.

16 Other: An injury that occurred at any other location not represented by one of the above fifteen categories, such as school library, administrative office, health office or guidance office.

Select the Save Section: Location.

Select "Submit" after all Serious School Injuries data is entered in order to receive the green check mark (√) on the School Injuries tab.
The Medication Administration section of the report captures data on the administration of all medications to all students in public and private/non-public schools, combined, while the students are under school jurisdiction:

- A student is considered under school jurisdiction:
  - On the way to and from school while in school furnished transportation
  - Class time (including lunch, recess, physical education)
  - School sponsored extracurricular activities, field trips and camps
  - Non PIAA sports/athletic activities (such as intramural activities)

**ALL medications (prescription, over the counter, homeopathic, supplemental, lotions...) require a written order from a licensed prescriber and written parental permission**

For more information the medication manual may be accessed on the school health website at: [http://www.health.pa.gov/My%20Health/School%20Health/Pages/Quick%20Links/School%20Nurse%20Practice%20Issues/Medications.aspx#.VYLOOGTD9D9](http://www.health.pa.gov/My%20Health/School%20Health/Pages/Quick%20Links/School%20Nurse%20Practice%20Issues/Medications.aspx#.VYLOOGTD9D9)

Neither the Professional Nursing Law nor the Practical Nurse Law permits delegation of nursing functions; therefore, a certified school nurse or other licensed personnel (RN, LPN) cannot lawfully delegate the nursing function of medication administration to the principal, teacher, or administrative personnel except for the administration of rescue asthma inhalers and epinephrine auto-injectors after they have successfully passed an approved training course as required by Act 195 of 2014 School Access to Emergency Epinephrine

Count the **Number of doses** administered by the nurse via an **Individual order** (from a student’s healthcare provider) or a **Standing order** (from the school physician) and by the **Category of Use** based on the student’s condition/diagnosis

- For example Carbamazepine (Tegretol) may be prescribed for a seizure disorder a psychiatric disorder or for pain associated with trigeminal neuralgia

**Beginning with the 2015-16 school year Reversal Agents: Naloxone/Narcan Category has been added**

**Include:**
- All doses administered while a student is under school jurisdiction, including those administered by students themselves, parents, agency or private duty nurses

**Do Not Include:** The administration of either oxygen or fluoride; see “Other” below for more instructions

### Category of Use

<table>
<thead>
<tr>
<th>Category</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>01 Analgesic</td>
<td>Medication that reduces or eliminates pain and fever such as acetaminophen, aspirin, Midol, Tylenol with codeine, Vicodin, oral anesthetics/analgesics/antiseptics, such as Anbesol, Blistex, Caladryl, Mineral Ice, Orajel, Orabase, Solarcaine, Medicaine and sting kill swabs</td>
</tr>
<tr>
<td><strong>Do Not Include:</strong></td>
<td>antibiotic soap, hydrogen peroxide, rubbing alcohol or alcohol wipes, cough drops/lozenges</td>
</tr>
<tr>
<td>02 Antibiotic</td>
<td>Medications that prevent and treat bacterial infections. Antibiotics are not typically ordered by the school physician as a standing order; therefore only include topical antibiotics such as, Bacitracin, Neosporin, Silvadene, etc under the standing order column</td>
</tr>
<tr>
<td>03 Anticonvulsants</td>
<td>Medication that prevents or relieves seizures. There is no standing order option for anticonvulsants</td>
</tr>
<tr>
<td>A Diastat</td>
<td>(Diazepam, Valium) only the rectal gel is counted in this column</td>
</tr>
<tr>
<td>B Versed</td>
<td>(Midazolam) is supplied for IM, IV or Intranasal administration</td>
</tr>
<tr>
<td>C Other than Diastat or Versed</td>
<td>include any other drug administered by any route for seizures</td>
</tr>
<tr>
<td>04 Antihistamine/Decongestant</td>
<td>Medication used to counteract physiological effects of histamine production in allergic reactions and colds; medication that breaks up congestion by reducing swelling</td>
</tr>
<tr>
<td>A Epinephrine (include auto-injector)</td>
<td>is ordered for the emergency treatment of acute asthma attacks, anaphylaxis /allergic reactions. Count all doses that are administered by the nurse. Count doses of an epinephrine auto-injector that are administered by trained school staff and self-administered by a student</td>
</tr>
</tbody>
</table>
B Other than Epinephrine: Count any medication other than Epinephrine that is administered to treat allergies or respiratory congestion

05 Anti-inflammatory: Medication that reduces inflammation such as steroidal or non-steroidal anti-inflammatory drug (NSAID), such as ibuprofen, Celebrex, Lodine, Prednisone and cortisone creams/ointments,

06 Asthma (inhaler, nebulizer, oral and IV): Count all doses, maintenance or rescue, administered for the treatment and control of asthma. Count all doses that are administered by any route by the nurse. Count all doses that are administered by the nurse. Count doses of a rescue inhaler that are administered by trained school staff and self-administered by a student

07 Diabetes: Medication that is used in the management and treatment of diabetes including high and low blood sugars. There is no standing order option for diabetic medications.

Do Not Include:
Treatments such as orange juice, candy, icing, food given in the event of a low blood sugar as these are not medications

A Oral: Count all doses given by mouth

B Insulin (include bolus/adjustments to insulin pump): Count all doses administered by injection or adjustments made to a pump by the nurse or self-administered by the student with direct nurse observation as part of the student’s written transition plan in order to become self-sufficient in managing their diabetes

C Glucagon: Count all doses administered by injection or intravenous routes given for the emergency treatment of hypoglycemia

D Other glucose medications (glucose gel/tablets): Count all doses of other glucose medications such as glucose gel/tablets administered to treat hypoglycemia

08 Gastrointestinal: Medication that prevents or relieves symptoms of digestive disorders

A Enzymes: Count all doses of enzymes administered. There is no standing order option for enzymes.

B Other than Enzymes: Count all doses administered such as antacids, antiemetics, antidiarrheals, laxatives, lactose intolerance medications and such

09 Reversal Agents: Naloxone/Narcan

10 Psychotropic: A medication that is capable of affecting the mind, emotions, and behavior. There is no standing order option for psychotropic medications

A ADD/ADHD (Attention Deficit Disorder/Hyperactivity): Count all doses administered by all routes ordered to treat the symptoms of inattention, impulsiveness and/or hyperactivity

B Other than ADD/ADHD: Count all doses administered by all routes ordered to treat any psychiatric condition other than ADD/ADHD such as depression, anxiety, behavioral issues, schizoid disorders, eating disorders, mood disorders, bipolar disorders and such

11 OTHER: Count all doses administered by a health care provider’s written order that do not fit into one of the above nine categories.

Include:
Antifungal medications
Cardiovascular medications
Cough medicines (do not count cough drops and lozenges)
Dermatological application that does not fit into one of the above 9 categories, such as, sun screen
Eye wash, contact lens solution, artificial tears
Homeopathic remedies, herbal preparations, dietary supplements, anabolic or catabolic preparations, vitamins and minerals
Off-label and research medications

Do Not Include:
Medications to treat lice or other pests (these are not captured in this report)
Fluoride by tablet, mouth rinse, or topical application (count in the dental services page)
Oxygen (count as a contact for acute or chronic illness on health services page)

Select "Submit" after all Medication Administration data is entered in order to receive the green check mark (✓) on the Medication Administration tab
Chapter 16 – Review, Certify and Submit Page

Reminder: Information entered but not saved or submitted will be lost

The Review, Certify and Submit page documents that the superintendent or the chief executive officer (CEO) has certified to the Department of Health (DOH) Division of School Health (DSH) that the information submitted is a true and accurate statement of the health services provided and expenditures incurred by the school entity during the school year (July 1 through June 30)

Only the Superintendent/CEO has access to this page and the authority to submit the report

This page will become functional only when a green checkmark (√) is visible on each tab of the report

Select “Annual Report” from the Left Navigation. This opens the Report Status Summary page
• Select “Start/Revise/Print” for the 2013-2014 School Year. This opens the Report Status Detail page
• Select “Edit”. This opens the report
• Click on the “Review, Certify & Submit” tab to open the page to submit the report
• Scroll to bottom of page and enter your first and last name, add any comments if necessary, and click on “Certify and Submit” to submit the report
• At the top of the page and a note in red will appear and state “Annual Report Submitted Successfully” which confirms the report was submitted
  No green checkmark will appear on this page after it is submitted

This action will submit the report to the DSH

The school may edit the report at any time until DSH has processed the report
To edit a report login and select “Annual Report” on the left navigation column and make the necessary edits and select “Submit” in order to complete the page

If the “Status” column says:
“School Editing” any school user with the data entry function may edit the report
“Submitted” only the Superintendent/CEO may select “Void Annual Report Submission” to allow users with the data entry function to make edits and it will then need resubmitted
“Under Review” contact DSH to gain access to the report in order to make edits
“Approved” the report has been processed by DSH and the school may not make any edits. If edits are necessary a revised report must be submitted
  To Revise a previously approved report:
  Return to the “Annual Report” and open the “Report Status Summary” page
  Select the appropriate “School Year” and select “Start/Revise/Print” make the revision and resubmit the report

When a report is Disapproved by DSH the status field reverts from “Submitted” back to “School Editing” with the reasons for the disapproval documented in the comment box. Make the necessary corrections and resubmit the report to DSH

Only the Superintendent/CEO has the authority to resubmit the report to DSH

It takes approximately 6-10 weeks from the date the report is processed by DSH for payment to arrive

A thorough review of the report for accuracy before submitting it to DSH is recommended as reports are processed in the order in which they are received by DSH. Revisions are not processed until after all the initial reports are processed
