SKIP THE TRIP IF...

☑ You have **COVID-19 symptoms**, even if you recovered from COVID-19 within the past 90 days or are up to date with your vaccines.

☑ You tested positive for COVID-19 or are waiting for your test results.

☑ You tested positive and it hasn't been a full 10 days after your symptoms started or the date your positive test was taken if you had no symptoms.

☑ You are a close contact, try to avoid travel for 10 days after your last exposure. If you must travel on days 6 through 10:

- **Get tested** at least 5 days after close contact and make sure your test result is negative before traveling.

- Wear a well fitting mask around others for 10 days after exposure. Delay travel if **symptoms** develop
