Bureau of Emergency Medical Services
PA Department of Health
(717) 787-8740

A handwritten signature in black ink, appearing to read "Dylan J. Ferguson", is positioned above the typed name in the "FROM:" field.

Recently the Pennsylvania Department of Agriculture expanded the number of counties within the commonwealth that are subject to the Spotted Lanternfly quarantine order. This change has generated additional questions from emergency medical services agencies, not only within the quarantine zone, but commonwealth wide as well.

For EMS providers and agencies with questions or a desire to hear more about Spotted Lanternfly quarantine procedures, and how you can help minimize the spread of this invasive species, I invite you to join us for a joint webinar with representatives from the Pennsylvania Department of Agriculture.

This webinar will take place on April 27th at 1:00 P.M. Interested participants are asked to register in advance of the webinar by visiting

https://us02web.zoom.us/webinar/register/WN_rB28sfA6TO2SGzjaTl4Bag

After registering, you will receive a confirmation email containing information about joining the webinar.
