**Pennsylvania Report on Untested Sexual Assault
Kits and Backlogged Evidence**

**April 2016 - UPDATED**

The Sexual Assault Testing and Evidence Collection Act ("SATEC") was amended on July 10, 2015, with the passage of Act 27. Pursuant to Section 10172.3 of SATEC, as amended, local law enforcement agencies[1] were required to submit to the Pennsylvania Department of Health ("Department") the number of sexual assault kits: (1) in their inventory not yet submitted to a laboratory for testing as of September 7, 2015;[2] and (2) any backlogged evidence.[3] *See* 35 P.S. §§ 10172.3(d)(1), (e)(1). Additionally, each testing laboratory used by a local law enforcement agency was required to submit the same information to the Department. *See* 35 P.S. §§ 10172.3(d)(2), (e)(2).

Every year, by April 30, the Department is required to compile the submitted data and publish a report summarizing the information submitted by the local law enforcement agencies. *See* 35 P.S. § 10172.3(e)(3). The Department's annual report – one of among many of Act 27's fundamental changes – is intended to provide a comprehensive view of the number of untested sexual assault kits in the commonwealth and to ensure that those kits are tested in a timely fashion. This, in part, will ensure that sexual assault data is uploaded into the requisite federal database to help solve related sexual assault cases.

---

[1]   A local law enforcement agency is defined as "[a] police department, of a city, borough, incorporated town or township, a regional police department, the Pennsylvania State Police or campus police." 35 P.S. § 10172.2.

[2]   The SATEC does not define what constitutes inventory for the purpose of submitting data to the Department.

[3]   SATEC defines backlogged evidence as "[s]exual assault evidence that is awaiting testing for 12 months or more." 35 P.S. § 10172.2. Evidence is awaiting testing if it meets all of the following conditions: "(1) Has been collected and is in the position of a local law enforcement agency; (2) Has not received DNA and other appropriate forensic analyses; (3) Is related to a criminal case or investigation in which final disposition has not been reached; (4) Should undergo DNA or other appropriate forensic analysis as determined by a local law enforcement agency." *Id.* Notably, a case or investigation has reached final disposition if: (1) a conviction or acquittal of all suspected perpetrators of the crime involved; (2) a local law enforcement agency in possession of the sexual assault evidence has determined that the case is unfounded; or (3) a declaration by the victim that a sexual assault has, in fact, not occurred. *Id.*

In an effort to ensure that the Department received accurate and complete information prior to its April 30, 2016 deadline, the Department communicated electronically with local law enforcement agencies regarding the need to file inventory and backlogged evidence reports, made the necessary reporting forms available on its website, and published notice of the reporting requirement in the Pennsylvania Bulletin.  Additionally, the Department worked with various stakeholders, including the Pennsylvania State Police, the Pennsylvania Coalition Against Rape, and the Pennsylvania District Attorneys Association to communicate with local law enforcement agencies about the need to submit their required reports in a timely fashion.

Additionally, in 2016, the Department contacted municipal police departments that missed the initial reporting deadline of April 28, 2016, and provided these agencies a second opportunity to submit a 2015 annual report and an initial inventory report. The full collected information for 2015 in an executive summary below and in detail in attachment #1.

| Statistic | Number of police departments reporting | Number of sexual assault evidence kits awaiting testing |
|---|---|---|
| Baseline inventory of sexual assault kits not yet submitted for testing on September 7, 2015 | 499 | 3,217 |
| 2015 report – sexual assault kits awaiting testing for 12 months or more | 432 | 1,908 |

Attachment   1
