

INTEGRATED EPIDEMIOLOGIC PROFILE OF HIV/AIDS IN PENNSYLVANIA

An Empirical Resource for Prevention and Care Program Planning
2012/13 Edition

1st Edition

HIV Epidemiology Investigation Section
Division of Infectious Diseases
Bureau of Epidemiology

Michael Wolf, Secretary of Health
Tom Corbett, Governor

Contributors and Collaborating Partners

The 2012/13 Integrated Epidemiologic Profile of HIV/AIDS in Pennsylvania was developed in accordance with the CDC-HRSA “Integrated Guidelines for HIV/AIDS Epidemiologic Profiles”, and was prepared by:

*Benjamin Muthambi, DrPH, MPH, *^Nate Geyer MS, *^Khaled Iskandarani, MPH, ^^Michael Witmer, MSW, ^Vladimir Krepets, PhD

*Pennsylvania Department of Health, Bureau of Epidemiology, Division of Infectious Disease
Epidemiology, HIV Epidemiology Investigations Section

^Penn State University College of Medicine, Departments of ^Public Health Sciences & ^^Medicine

This project is supported by grants from CDC and HRSA.

The epidemiologic profile is prepared under the auspices and/or support/collaboration with the following organizational entities within the PA Department of Health:

Bureau of Epidemiology

-Division of Infectious Disease Epidemiology

--HIV Epidemiology Investigations Section

Atmaram Nambiar, MD, MPH, Director

Benjamin Muthambi, DrPH, MPH, Epidemiologist

Bureau of Communicable Diseases

-Division of HIV/AIDS

--HIV Prevention Section

--HIV Care Support Services Section

Kenneth McGarvey, Director,

Jill Garland, Program Manager,

Julia Montgomery, Program Manager

Acknowledgement of key partners:

(Contributors of the main data sources and/or comments/suggestions)

Contributing organizational entity or group

-HIV/AIDS Surveillance Section, PA Dept. of Health

-Division of TB/STD, PA Dept. of Health

-Office of Medical Assistance Programs, PA Dept. of Public Welfare

-PA HIV Statewide Prevention and Care Advisory Planning Committees

-County/municipal health departments, health district offices,
healthcare providers and laboratories

Contribution

HIV/AIDS surveillance data

TB & STD data

Medicaid & ADAP data

Subcommittee input

Case reports of
HIV, TB & STDs

This document (and updates) will be available online at: <http://www.health.state.pa.us>

Summaries of Findings		
	Executive Summary - Statewide Overview	iv.
Section A: Introduction		
Scope, Organization and Core Epidemiologic Questions of the Integrated Epidemiologic Profile; Data Sources and Methods; and Planning Committee Input Mechanism		
	-Scope, Organization, Core Epidemiologic Questions and Indicators of Risk	1
	-Data Sources and Methods	1.1.
	-Planning Committees Input Mechanism	1.2.
Background and Socio-demographic Context:		
	-Characteristics of the General Population	2

Section B: Core HIV/AIDS Epidemiology Questions and Indicators of Risk		
Epidemiology of HIV/AIDS among Demographic and Transmission Risk Groups:		
○ Introduction to Measures of Disease Occurrence		3
	-AIDS Incidence, HIV/AIDS Prevalence, AIDS Survival and Mortality, Other Surrogate Indicators of Risk/Likelihood of HIV Transmission and Infection, and HIV Comorbidities	
○ Demographic Groups		4
	Race/Ethnicity	4.1.
	Disproportionate Impact on Racial/Ethnic Minorities:	4.1.1.
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	
	Disproportionate Impact on Blacks:	4.1.2.
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	
	Disproportionate Impact on Hispanics/Latinos:	4.1.3.
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	
	Age Groups	4.2.
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	4.2.1.
	Sex	4.3.
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	4.3.1.
○ Transmission Risk Groups		5
	Injection Drug Use (IDU)	
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	5.1
	Male Sex w/Men (MSM)	5.2.
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	
	Male-to-female sex (Hetero Contact)	5.3.
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	
	Mother-to-Child Transmission (MTCT)	5.4.
○ Geographic Distribution		6
	-Abstract/Summary of Findings, Figures, Tables and Interpretations	

<ul style="list-style-type: none"> Demographic Cross-Tabulations <u>within</u> Geographic HIV Health Service Areas (Please see Appendix D.2.) 									7	
									-Abstracts/Summaries of Findings, Tables and Interpretations	
Section C: Treatment and Care Services Utilization Questions									8	
<ul style="list-style-type: none"> Ryan White Care Act Questions: Patterns of Epidemic Distribution, Access, Delivery and Utilization of HIV Care and Support Services 										
									Ryan White Care Act Questions: HRSA/HAB tabulations and interpretations:	
									-HRSA/HAB-defined tabulations of HIV (non-AIDS) prevalence, and AIDS incidence and prevalence;	8.1.
									-HRSA/HAB Estimates of Unmet Needs and Characteristics of HIV Infected Persons Who Know Their Status and Are Not In Care;	8.2.
Section D: Data Appendices: Supplements to the Integrated Epidemiologic Profile of HIV/AIDS in Pennsylvania										
<ul style="list-style-type: none"> Pennsylvania HIV/AIDS Surveillance Annual Summary 										
									Annual Summary	D1.1
