

STATE REGISTRAR NOTICE

Subject: Appointment of New State Registrar	Type: <input checked="" type="checkbox"/> Regular <input type="checkbox"/> Transitory	Number: 2022-05
Date Issued: June 2, 2022 Date Effective: June 4, 2022	Audience: All Vital Events Stakeholder	By Direction of:  Audrey Marrocco State Registrar

Due to the retirement of Audrey Marrocco on June 3, 2022, Lisa Hasselbrook has been appointed as Pennsylvania’s State Registrar for Vital Records effective June 4, 2022. Ms. Hasselbrook has served as the Business Workflow Manager for the Vital Records Program since 2016. She has led several workflow improvement initiatives in the bureau including spearheading the implementation of the EDRS Bridge and the transition from DAVE to eVitals.

To support this change in state registrar, system updates are required to both eVitals and EDRS. Please note that stakeholders reporting vital events through these systems will not experience an interruption in services while the systems are being changed.

[Temporary Interruption in Printing of Death Certificates from EDRS](#)

Local registrars shall not print death certificates from EDRS from midnight until 8 am on Saturday, June 4, 2022. A banner message will be placed on EDRS to remind local registrars of this temporary interruption. Once the system has been updated to reflect the new state registrar’s information, the banner will be updated to inform local registrars that they may resume printing of death certificates from EDRS.
